COMPANION TO THE ALMANAC.

AN IMPROVED WEATHER TABLE.

THIS Table and the accompanying Remarks, are the result of many years actual observation; the whole being constructed on a due consideration of the attraction of the Sun and Moon in their several positions respecting the Earth; and will, by simple inspection, show the observer what kind of weather will most probably follow the entrance of the Moon into any of her Quarters, and that so near the truth, as to be seldom or never found to fail.

MOON CHANGES.	IN SUMMER.	IN WINTER.
Between Midnight and 2 in the Morning	{ Fair	Frost, unless Wind be S. or S. W.
2 and 4	Cold with showers	Snow and Stormy.
4 and 6	Rain	Rain.
6 and 8	Wind and Rain	Stormy.
8 and 10	Changeable	Cold. Rain if Wind W. Snow if E.
10 and 12	Frequent Showers	Cold and high Winds.
12 and 2	Very Rainy	Snow or Rain.
2 and 4	Changeable	Fair and Mild.
4 and 6	Fair	Fair.
6 and 8	{ Fair, if Wind N. W. { Rain, if S. or S. W. }	Fair and Frosty, if Wind N. or N. E.
8 and 10	Ditto ditto	Rain or Snow, if S. or S. W.
10 and Midnight	Fair	Ditto ditto.
		Fair and Frosty.

1.—The nearer the time of the Moon's Change, First Quarter, Full and Last Quarter is to MIDNIGHT, the fairer will the weather be during the seven following days.

2.—The space for this calculation occupies from ten at night till two next morning.

3.—The nearer to MIDNIGHT or NOON these phases of the Moon happen the more foul or wet the weather may be expected during the seven following days.

4.—The space for this calculation occupies from ten in the forenoon till two in the afternoon. These observations refer principally to Summer, though, they affect Spring and Autumn nearly the same.

5.—The Moon's Change, First Quarter, Full, and Last Quarter, happening during six of the afternoon hours, i. e., from four to ten, may be followed by fair weather; but this is mostly dependent on the WIND, as noted in the table.

WEATHER MAXIMS.

THE SUN.

If the sun rise red and fiery.—*Wind and rain.*

If red the sun begins his race,

Be sure that rain will fall apace.

If the sun rise cloudy and it soon decrease.—*Certain fair Weather.*

Pliny observes—If at sun-rising the clouds are driven away, and retire as it were to the west, this denotes fair weather.

The English say—

The evening red, the morning grey,

Is a sign of a fair day.

The Italians the same—

Sera rosa et nigro matino,

Allegra il peregrino.

CLOUDS.

If the clouds are small and round, like a dappled grey, with a north wind.—*Fair for two or three days.*

If woolly fleeces spread the heavenly way,

Be sure no rain disturbs the summer day.

If the clouds are large like mountains.—*Great showers.*

When clouds appear like rocks and towers,

The earth's refreshed by frequent showers.

If small clouds increase.—*Much rain.*

If large clouds decrease.—*Fair weather.*

If in summer, when the wind has been south two or three days, the clouds rise with great white tops, as if one were on the top of another, and black on the lower side.—*There will be thunder and rain suddenly.*

MISTS.

If mists rise in the low grounds and soon vanish.—*Fair weather.*

If mists rise to the hill tops.—*Rain in a day or two.*

If there be a general mist before sun-rise, when the Moon is near the full.—*Fair weather.*

GENERAL REMARKS.

If it begin to rain from the south, with a high wind, for two or three hours, and the wind fall, but the rain continues—it is likely to rain twelve hours or more.

If it begin to rain an hour or two before sun-rise, it is likely to be fair before noon, and continue through the day; but if it begin to rain an hour or two after sun-rise—it is likely to rain all that day.

If the latter end of February, and the first days of March be for the most part wet, the Spring and Summer quarter are likely to be so too.

If the latter end of October, and beginning of November be for the most part warm and rainy, then January and February are likely to be frosty and cold.

LOCAL OBSERVATIONS.

JANUARY.

THIS is one of the most delightful months in the year; its temperature is cool and refreshing; and extremely agreeable to those in the enjoyment of good health, but to rheumatic and gouty subjects, it is far from pleasant.

The days are cool and clear;—the mornings and evenings damp and foggy.

The Thermometer ranges, in the shade, from 52° in the morning to 65° in the afternoon.

The wind is northerly, and seldom blows strong: but when it does, and is accompanied with rain (which sometimes happens in the course of the month), the cold is most disagreeable.

Vegetables of all kinds are in the highest state of perfection; the markets abound with green peas, cauliflowers, cabbages, turnips, yams, potatoes, carrots, spinage, greens, cucumbers, radishes, celery, lettuces, young onions, ole-cole, kohoo, French beans, seam, brinjals, red and white beet, &c., &c.

The market produces beef, mutton, veal, lamb, pork, kid, poultry, &c. of the best and most superior kind.

Game is to be had in great abundance—snipe, duck, teal, &c.

The Fish market is well supplied at this season, with beekty (the salmon of the East,) moonjee, rowe, cutlah, quoye, sowle, selliah, bholah, eels, banspattah, and many others of inferior description.

Fruit trees in general, begin to shew their buds and blossoms this month;—mangoe, peach, pumplenose, (shaddock,) rose-apple, &c.

The fruits in season are China oranges, loquats, plantains, pine-apples, sugar-canes, country almonds, limes and tipparee.

FEBRUARY.

The beginning of the present month is generally cool and comfortable, particularly if the northerly wind prevails; the weather afterward becomes disagreeable, till a change of season takes place about the end of the month.

When the weather is variable, the wind blows principally from the N. W., veering round occasionally to the N. E., attended with clouds and drizzling rain; this continues about the 20th, when the southerly wind sets in. The weather now becomes mild and genial, especially to those who are subject to the gout and rheumatism.

The days are sometimes hot and the nights cool and chilly, with heavy dews.

The Thermometer in the shade ranges on a medium, from 58° in the morning to 75° in the evening.

The measles, in children, are very prevalent during the whole of this month.

Rheumatism and gout becomes less intolerable after the southerly winds have set in. Warm clothing is rather troublesome to new comers but not so with old Indians, the state of whose blood is, from the debilitating influence of the climate, considerably, under proof. Sometimes this month is rather showery, which protracts the cold season till the middle of the following month.

The fish market has the addition of the small hilsah (herring). Meat and vegetable continue good and abundant.

The additional vegetables are asparagus, pumpkin and young cucumbers; and fruits, custard-apples, mulberries, bale and small water-melons.

MARCH.

The weather during the greater part of this month being agreeably warm, the temperature is extremely favourable to old Indians.

The Thermometer ranges in the shade from 68° in the morning to 82° in the afternoon.

The alternate changes of heat and cold render part of this month unpleasant, as the heat becomes at times rather oppressive.

Various operations of husbandry generally commence this month as soon as the ground is moistened by rain; this, however, sometimes happens at the latter end of February, and then it is occasioned by an unusual quantity of rain.

The meat market continues good.

Fish to be had in abundance and the market has the addition of the gooteah, a small and well-flavored fish.

Green peas and turnips disappear this month; salad, cabbages, carrots and celery are on the decline, but asparagus and potatoes continue excellent; green mangoes and unripe footee are to be had, also omrah, greens, and water-cresses.

Fruit is also plentiful—large water-melons appear about the middle of the present month, and continue in perfection till the middle of June.

The North-westers, with thunder, lightning and rain, generally commence about the termination of this month.

APRIL.

The beginning of this month is sometimes pleasant, particularly if the North-westers are frequent; but the middle and latter parts are disagreeable in the extreme; it is one of the worst months in the year.

The Thermometer ranges in the shade from 80° in the morning to 92° in the afternoon; but when exposed to the sun, it rises to 110°.

The wind blows from the southward, and is very strong throughout the month; and when it is accompanied with hot winds from want of rain, it becomes oppressive. These parching winds are unfavorable to vegetation, and were it not for occasional supplies of rain, would prove disastrous.

The North-westers are at times attended with dreadful storms of thunder and lightning, during which rain and hail fall in torrents: these storms sometimes occasion much damage. The North-westers continue at intervals till the beginning, and sometimes till the middle of May.

This is an unfavorable season for meat, which begins to be flabby and poor, the fat spongy and yellow: indeed very little good, of any description, is to be found in the market.

The fish market has the addition of the mango-fish, so called from its annual visit to all the Bengal Rivers, at this (the mango season) to spawn; it appears as soon as the mango is formed on the tree; and disappears at the close of the season—that is about the middle of July. This fish, perhaps, has the most agreeable flavour of any in the known world; and so sought after (by Natives as well as Europeans) that, although not so large as a middle-sized whiting, they are sold at the beginning of the month, from 4 to 8 per rupee, and before the end of May, as they become plentiful, they are one rupee the score; and in June, two to three scores for one rupee.

The fish market has also the addition of the carp and mhaoor.

Potatoes, asparagus, onions, cucumbers, and a few cabbage sprouts are the only vegetables to be procured.

Water-melons and musk-melons are in great perfection: there is not much fruit now to be had in the market. Green mangoes for pickling, and corinda for tarts are in great abundance.

MAY.

The present is considered the very worst month in the year, it being parching hot and no rain.

The Thermometer ranges in the shade on a medium, 85° in the morning to 98° in the afternoon: if exposed to the full influence of the sun's beams it will rise to 130 degrees and sometimes higher.

The weather this month is most oppressive, especially the latter half, the wind continues southerly, and the heat is scarcely bearable. Of all the months in the year, the present is the most painful, particularly to those whose avocations compel them to be much out of doors. To be exposed to the sun without a covering is extremely dangerous at any hour, from 10 to 6 o'clock : it would be death in any constitution, except to Natives, who are inured to the climate by birth and practice, and even they, sometimes, fall a sacrifice to the powerful influence of the sun. The heat in the first half of the month is, sometimes relieved by North-westers accompanied by refreshing showers, vivid lightning and distant thunder at times attend the North-westers.

Grapes of the largest size, peaches, pine-apples, limes, rose-apples, leeches, jumrules, wampeens, together with water-melons, musk-melons, pomegranates, custard-apples, &c., &c., in season.

The meat market is very inferior to last month.

Fish continues good and abundant, the beeky excepted, which, from the difficulty of its reaching the market in a firm state, becomes scarce. Mangoe-fish in great perfection this month.

Asparagus, potatoes, and cabbage sprouts, with indifferent turnips, sweet potatoes cucumbers and onions, are nearly all the vegetables now in the market. Pumpkins and other cucurbitaceous roots are however procurable.

JUNE.

The periodical rains set in about the middle of this month : had not Divine Providence thus ordained it, the present and succeeding months would become intolerable from parching heat, and a period would be put to vegetation ; but refreshing and cooling showers falling occasionally, and heavy rain sometimes, render the mean temperature of this and the three following months lower than might be expected.

The Thermometer, the first of this month, rises frequently to 99° in the shade at noon ; from which time, that is about the 15th, if the rains commence, the heat subsides.

The weather throughout the whole of this month, is pleasant or oppressive, according to the quantity of rain which falls ; if the weather be dry, the heat is scarcely bearable ; it is generally very close ; not a breath of air from any quarter ; but if the rains commence, as they are always expected to do, (in regular seasons,) between the 10th and 20th of the month, the air is refreshing, and the weather not uncomfortable.

Meat, as must be expected, very indifferent.

The fish market much the same as last month.

Mangoes and mango-fish in great abundance and perfection. The Maldah mangoes arrive in Calcutta about the middle or latter end of this month, and they are considered, without exception, to be the best that can be procured in Bengal. Grapes, peaches, leeches, &c., disappear this month. Custard-apples, pine-apples, and guavas are in great perfection.

Asparagus and potatoes, onions and Indian corn, are the principal vegetable that remain.

JULY.

This month is attended with much rain ; the winds are light and variable ; the weather frequently gloomy, and sometimes stormy, with heavy falls of rain ; whilst at intervals, it is fair, mild, and the temperature agreeable.

The Thermometer ranges in the shade from 80° in the morning to 89° in the afternoon.

The showery weather of the present and preceding month is productive of the most beneficial effects to the grain.

Meat continues lean and poor.

The fish market continues good. The moonjee, the rowe, the cutlah, the quoye, the sowle, the mahagor, the chingree, the tangrah, and the chunnah, are procurable all the year round. The hilsa (or sable) fish makes its appearance this month : this fish is delicious either boiled, baked or roasted ; but it is generally considered very unwholesome. The natives devour it in such quantities, as to occasion great mortality among them. This fish, on being cured with tamarind, forms a good substitute for herrings. It is then known by the appellation of the "Tamarind fish."

Mangoes and mango-fish both disappear this month.

Pine-apples, custard-apples, and guavas continue in season.

The vegetable market is very indifferent—asparagus is in season, but potatoes become poor and watery. Young lettuces, cucumbers and sweet potatoes are now procurable, also the cumrunga and corinda.

AUGUST.

In the present month also there is abundance of rain, the weather continues much the same as the last : this, and the preceding month, are noted for their large quantities of rain, being the wettest in the whole year.

The Thermometer ranges in the shade from 80° in the morning to 90° in the afternoon.

Light and variable winds, and cloudy weather, with smart and lightrain, prevail at the beginning of the month; the middle is sometimes fair, mild, cool and pleasant: the remainder variable, attended at times with strong winds and heavy rain.

The two grand agents of Nature, heat and moisture, are in full activity in July and August; the vegetation springs up, and spreads with astonishing rapidity.

The Meat and Fish markets much the same as last month.

Pumpkinose (shaddock) appears this month; pine-apples, custard-apples, and guavas continue in perfection.

The vegetables procurable are salad, asparagus, cucumber, brinjals, mockun seam, (a kind of French beans,) radishes, turnips, cabbage sprouts, and some indifferent potatoes. Indian corn, cucumbers, spinage and such like are to be had all the year round; but they are tasteless, except at this season, when they become firm, good, and very palatable. The avigato pear is sometimes procurable at this period.

SEPTEMBER.

The rains subside considerably during this month.

The wind continues light and variable, attended with occasional cloudy weather. The days are sometimes fair, mild and bright—and the temperature agreeable.

The Thermometer ranges from 80° in the morning to 85° in the afternoon.

The Meat market much the same as last month.

The Fish market experiences but slight improvement, for although there is abundance, yet it is not always firm and good, except the beekty, which becomes larger and better flavored. The following are also in the market:—the bhola, dessy tangra, gooteah, bhengirs, gungtorah, kowa-toontee, pyrah chanda, the shell fish, and bagdah chingree.

Vegetables are very indifferent; yams generally come into season about this time.

In the Fruit market small oranges make their appearance, but are very acid. Custard-apples, pine-apples, guavas and pumpkinose continue in season.

OCTOBER.

The first half of this month generally yields a good supply of rain, and introduces the powerful influence of a second spring season upon all vegetating bodies: heat and moisture are in full operation, and produce rapid vegetation.

The rainy season breaks up generally between the 10th and 20th of this month; sometimes, however, it continues a little longer, but this is seldom the case; the concluding showers are frequently heavy, continuing from 6 to 24 hours incessantly; after which the weather becomes fair, calm and settled.

The Thermometer ranges in the shade from 78° in the morning to 85° in the afternoon.

The winds are in general light and variable during the month, veering from south to N. W.—thence to north and N. E.

The monsoon changes about the 31st of this month—after which light northerly breezes set in with occasional N. E. winds.

As soon as the weather sets in fair, it is the propitious season for preparing the Kitchen garden.

The Meat markets begin to revive, and the Fish market to improve; the beekty becomes firm, and the other proportionably good; snipes make their appearance.

Vegetables and fruit continue much the same as last month, till the latter end of the present month, when, if the season is favourable, both experience a considerable improvement. Oranges become large and better flavored, and custard-apples in great perfection.

Young potatoes sometimes make their appearance this month, but they have very little flavour; they are small and watery. Pomegranates are procurable, also kut-bail.

NOVEMBER.

The weather is clear and settled. and the temperature reasonable, sometimes the days are warm, but the mornings and evenings are cool and agreeable.

If the rain ceases early in October, and the cold weather follows shortly after, November becomes a beautiful and delightful month. Nothing can be more favourable than this season for the renovation of the health of the valetudinarian, after having experienced the debilitating effects of the hot weather.

Light Northerly winds prevail this month.

The Thermometer ranges from 70° in morning to 75° in the afternoon.

The seeds committed to the soil during the last and present month start into life, with a vigour unknown to other climes.

The Meat market looks wholesome; beef, mutton, veal, pork and poultry become firm and good.

Game comes in also this month, in considerable quantities—wild ducks, snipes, teals, &c. Abundance of fish procurable, also firm and good, such as beekty, bauspattah, gongtorah, mirgael, carp and mangoe-fish without roes.

The Vegetable market begins afresh this month, by the introduction of green peas, new potatoes, lettuce, greens of different kinds, spinage, radishes, and turnips.

In the Fruit market may be had oranges, limes, lemons, pumplenose, pine-apples, custard-apples, papias, plantains, cocoanuts, country almonds, pomegranates, kutbail, &c.

DECEMBER.

The weather continues fair, cool, and, on the whole, extremely fine throughout the month, with a light northerly wind.

The days and nights are cold and clear; and the mornings and evenings foggy, particularly at the latter end of the month.

The Thermometer ranges from 65° in the morning to 70° in the afternoon.

The Meat and Fish markets are in great perfection, both as quantity and quality, games of all kinds in abundance.

The Vegetable market is excellent, yielding green peas, young potatoes, lettuce, young onions, radishes, small salad, sweet potatoes, French beans, seam, brinjals, yams, carrots, turnips, greens, young cabbages and cauliflowers.

The Fruit market continues much the same as last month. Brazil currants (tiparees) make their appearance this month, together with bail and other fruits.

ACT NO. XVII. OF 1837.

Passed by the Right Honorable the Governor General of India in Council, on the 24th July, 1837.

I. It is hereby enacted, that Regulation XL of 1830, of the Bombay Code, shall be repealed.

II. And it is hereby enacted, that the exclusive right of conveying letters by post for hire, from place to place, within the Territories of the East India Company, shall be in the Governor-General of India in Council.

III. Provided always, that it shall be competent to the said Governor-General of India in Council, and to any authority thereunto empowered by the said Governor-General in Council, to grant to any person or persons a license permitting such person or persons to convey letters by post for hire from place to place within the said Territories, and that it shall be lawful for any person or persons having such a license, to convey letters in conformity with the terms of such license.

IV. And it is hereby enacted, that it shall be lawful for the said Governor-General in Council, and for any authority which may have granted any such license as is described in the preceding Section, to revoke such license at pleasure.

V. And it is hereby enacted, that whoever otherwise than under the authority of the said Governor-General in Council, or in conformity with the terms of such a license as is aforesaid, knowingly conveys any letter by post for hire from place to place within the said Territories, or receives any letter or packet of letters, in order to such conveyance, or delivers any letter according to its direction, knowing the same to have been so conveyed, or is accessory to such conveyance, receipt or delivery, shall be punished with fine not exceeding Fifty Rupees for every letter so conveyed, received or delivered.

VI. And it is hereby enacted, that inland postage duties shall be levied on the conveyance of letters and packets by the Government Post, at the rates set forth in the Schedule marked A which is annexed to this Act, and that the full postage shall be paid either on receipt or on delivery, at the option of the sender and that if the thing conveyed be transferred from a Post Office in one Presidency to a Post Office in another Presidency, no additional charge shall be made on account of such transfer.

VII. And it is hereby enacted, that when there is a banghy established on a line of road, no person shall be entitled to demand that any letter or packet exceeding 12 tolas in weight shall be conveyed by the letter post on that line of road.*

IX. And it is hereby enacted, that no packet of the description mentioned in Table 2 of Schedule A shall contain any writing whatever other than writing which is necessarily part of the documents which such packet is stated to contain, by attestation on the cover of such packet, and that whoever shall send any such packet by the Government Post, knowing that it contains any writing not necessarily part of the documents which such packet is stated to contain by attestation on the cover, shall be punished with a fine of Fifty Rupees.

* Section VIII. has been repealed, vide Act XX. of 1832.

X. And it is hereby enacted, that no packet of the description mentioned in Table 3 of Schedule A shall contain any writing whatever, except the direction on the cover and that whoever shall send any such packet by the Government Post, knowing that it contains any writing other than the direction on the cover, shall be punished with a fine of Fifty Rupees.

XI. And it is hereby enacted, that proof sheets marked as such may be sent by letter post at the rates set forth in Table 3 of Schedule A provided they be brought to the Despatching Office open, and be sealed in presence of the person in charge of such Office.

XII. And it is hereby enacted, that the said Governor General in Council shall frame a scale of distances as nearly as practicable, according to the distance by the nearest road between Post Office Stations and that the rates of inland postage shall be calculated according to this scale.

XIII. And it is hereby enacted that Steam Postage, according to such rates as may from time to time be fixed by the Governor-General in Council, shall be levied on all letters and packets sent or received by any Government Steamer, and that such Steam Postage shall be in excess of any inland postage to which such letters or packets may be liable.

XIV. And it is hereby enacted, that Ship Postage according to the rates fixed in Schedule B. annexed to this Act, shall be levied on all letters or packets sent or received by sea, through any Government Post Office and not liable to Steam Postage.

XV. And it is hereby enacted, that when any Vessel arrives by sea at any place within the said Territories at which there is a Government Post Office, the Commander of such Vessel shall as speedily as possible, cause every letter and packet on board of such Vessel which is directed to that place, and which was not specially entrusted for separate delivery, to be delivered either at the Post Office, or to some Officer of the Post Office, authorized to receive the same; and that if there be on board any letter or packet directed to any other place, and not specially entrusted for separate delivery, the said Commander shall, as speedily as possible, report the same to the Post Master General or Post Master of the place at which he has arrived, and shall act according to such directions as he may receive from such Post Master General or Post Master; and that the receipt of such Post Master General or Post Master, shall discharge such Commander of all responsibility in respect of such letter or packet.

XVI. And it is hereby enacted, that every Commander of a Vessel who shall wilfully disobey any of the directions contained in the preceding Section, shall be punished with a fine not exceeding 1,000 Rupees.

XVII. And it is hereby enacted, that for every letter or packet delivered by a Commander of a Ship, in conformity with the directions of Section XV. of this Act, the Officer in charge of the Post Office, shall pay to the said Commander the sum of One Anna.

XVIII. And it is hereby enacted, whenever any letter or packet is transhipped for transmission to any other place within the said Territories, the Commander of the Vessel, which originally brought such letter or packet, shall be entitled to receive one Anna for every such letter or packet, and that the Commander of the Vessel into which the letter or packet is transhipped, shall be entitled to receive Half an Anna from the person in charge of the Post Office at the place of delivery provided that the said last mentioned Commander delivers the same in conformity with the directions contained in Section XV. of this Act.

XIX. Provided always, that no payment shall be made to the Commander of any Vessel on account of the delivery of any letter or packet unless the claim of such Commander shall be preferred before the Vessel leaves the place at which the letter or packet was delivered, or before the expiration of three months from the date of the arrival of the packet at the place of ultimate delivery.

XX. And it is hereby enacted, that the Commander of every Vessel leaving any place in the said Territories by Sea, shall receive on board of such his Vessel, every letter and packet which he shall be required to receive by any Officer of the Post Office, and shall sign a receipt for such letters and packets; and that every Commander of a Vessel who shall wilfully disobey any direction of this Clause, shall be punished with a fine not exceeding 1,000 Rupees.

XXI. And it is hereby enacted, that whenever any letter or packet, the postage of which has not been paid, shall be delivered by any person employed by the Post Office, the person to whom it is delivered, shall not be bound to pay the postage if he returns the letter or packet unopened, but if he opens the same, he shall be bound to pay the postage due thereon: provided always, that if the letter or packet shall appear to have been maliciously sent for the purpose of annoying the person to whom it is directed, the Post Master General, or Post Master of the Office, from which the delivery took place, shall remit the said postage.

XXII. And it is hereby enacted, that every letter or packet which is rejected unopened by the person to whom it is directed, shall be returned by Post to the sender, and that

the said sender shall be bound to pay the return postage thereon, unless direct postage has already been paid thereon.

XXIII. And it is hereby enacted, that whenever any letter or packet, the sender of which is unknown, shall be rejected unopened by the person to whom it is directed, such letter or packet shall be opened by the Officer in charge of the Post Office from which such letter or packet was delivered to that person.

XXIV. And it is hereby enacted, that if any person shall refuse to pay any postage which he is legally bound to pay for any letter or packet, it shall be lawful for the Officer in charge of the Post Office, from which such letter or packet was delivered, to withhold from the person so refusing, till such postage be paid, any letter directed to that person upon which postage has not been paid by the sender.

XXV. And it is hereby enacted, that all letters and packets which have remained three months unclaimed at any Post Office, shall be transmitted to the General Post Office of the Presidency.

XXVI. And it is hereby enacted, that at intervals not exceeding three months, lists of all unclaimed letters and packets which are in the General Post Office of any Presidency, shall be published in the Official Gazette of that Presidency.

XXVII. And it is hereby enacted, that every letter and packet which may have remained eighteen months unclaimed in the General Post Office of any Presidency, shall be opened by the Post Master General of that Presidency, and that all valuable property which such letter or packet may contain, shall be paid into the Government Treasury for the benefit of any party who may have a right thereto, and that when twelve months shall have elapsed after the opening of such unclaimed letter or packet it shall be lawful for the said Post Master General, if such letter or packet still continues to be unclaimed, to destroy the same.

ACT NO. XX. OF 1838.

I. It is hereby enacted, that from the first day of October next, Section VIII., Act XVII. 1837, be repealed.

II. And it is hereby enacted, that when there is no Banghy Post established on any line of road, letters and packets exceeding in weight, 12 tolas, and not exceeding 40 tolas, shall be received by Post Masters for transmission by the Letter Post, under the Rules which follow:

1. If the letter or packet received for despatch be of the description specified in heads Nos. 1, 2 and 3, of the Schedule A, annexed to Act XVII., of 1837, the postage duty thereon shall be levied by rateable increase, as declared and provided in the said heads of the said Schedule, and the Post Masters shall forward every such letter or packet on the same terms, the postage charge being rateably increased, as is provided in the said Act, for letters and packets not exceeding 12 tolas in weight.

2. If any packets exceeding 12 tolas in weight and not exceeding 40 tolas, when so brought for despatch along a road where there is no regular Banghy Post established, be certified by attestation, written on the cover not to contain any of the things specified as subject to rateable postage duty under heads, Nos. 1, 2 and 3 of the said Schedule, and further, if it be so certified that such packets do not contain any writing in contravention of sections IX., and X. Act XVII. of 1837, every such packet shall, in like manner, be forwarded by the letter post being charged with duty as specified and prescribed in table 4, Schedule A, for banghy parcels. Provided however, that it shall be in the power of the Post Master at the place of delivery to proceed for the discovery of any fraud or contravention of the law in respect of all packets, so conveyed by the letter Post at ban-

ghy postage rates, in the manner prescribed in Section XXX., Act XVII. of 1837. Provided also, that Government shall not be responsible for any loss or damage which may occur in respect of any thing entrusted to the Post Master for conveyance by virtue of this Act, and that no person employed by the Government in the Post Office Department, shall be responsible for any such loss or damage unless such person has caused such loss or damage maliciously or fraudulently.

III. And it is hereby enacted, that if packets exceeding 40 tolas in weight, be brought for despatch by the letter post at banghy rates, the same may be forwarded under the rules and restrictions prescribed in the preceding Section of this Act: Provided however, that the transmission of such over-weight packets shall always be discretionary with the Post Master, to whom they may be brought for despatch, to forward them at such times and in such manner as may be convenient.

IV. And it is hereby enacted, that no packet brought for despatch by banghy post, shall be returned from any Post-Office, on the ground that the banghy Post has not been laid for the whole distance to the place of delivery.

V. And it is hereby enacted, that, except as hereinafter is mentioned, if any person wilfully certify or cause to be certified by writing on any letter, cover or packet delivered at any Post-Office for conveyance by Post, what is not true in respect of such letter or packet, or in respect of its contents, for the purpose of defrauding the Post-Office revenue, every such person shall, on conviction, be subject to a fine of Fifty Rupees, for every such offence.

VI. And it is hereby enacted, that whoever shall send, or cause to be sent by the Government Post any packet under the provisions of this Act, of the description mentioned in Table 2, of Schedule A, Act No. XVII. of 1837, which shall contain any writing whatever, other than writing which is necessarily part of the documents which such packet is stated to contain by attestation on the cover of such packet, knowing that it contains any writing not necessarily part of the documents which such packet is stated to contain by attestation on the cover, shall be punished with a fine of Fifty Rupees.

VII. And it is hereby enacted, that whoever shall send or cause to be sent by the Government Post, under the provisions of this Act, any packet of the description mentioned in Table 3 of Schedule A, Act No. XVII. of 1837, which shall contain any writing whatsoever, except the direction on the cover, knowing that it contains any writing other than the direction on the cover, shall be punished with a fine of Fifty Rupees.

VIII. And it is hereby enacted, that all fines incurred on account of letters or packets sent by the letter post or by the banghy post, in contravention of the provisions of Sections IX. and X., of Act XVII., of 1837, as well as all fines by this Act, authorized to be imposed, shall be demanded from the parties liable thereto, by notice in writing from the Post Master General, or from any Post Master, and if not paid upon such demand, the same shall, upon conviction of the offender before any Magistrate for the place, where the party charged may be residing, be levied, together with the costs attending the information and conviction, by distress and sale of the goods and chattels of the party or parties offending, by warrant under the hand of such Magistrate. And if upon the return of such warrant, it shall appear that no sufficient distress can be had thereon, then it shall be lawful for any such Magistrate, by warrant under his hand and seal, to cause such offender or offenders to be committed to prison, there to remain for the space of two calendar months, unless such fines and all reasonable charges attending the same, shall be sooner paid and satisfied.

IX. And it is hereby enacted, that it shall be lawful for the Post Master, to detain any letter or packet in respect of which any party shall become liable to fine for a contravention of Sections IX. and X., of Act XVII., of 1837, or of any of the provisions of this Act, until the fine and all reasonable charges attending the same, shall have been duly paid.

II. There shall be a General Post-Office at each of the Towns of Calcutta, Madras, Bombay and Agra, and Post-Offices at such other places throughout India and in the Settlements subordinate thereto, as the Governor General of India in Council shall from time to time, direct. The immediate charge of each General Post-Office, and the control of the several Provincial Post-Offices subordinate thereto, shall be vested in Post Masters General, each of whom shall respectively exercise his functions within such limits as may be determined by the said Governor General of India in Council, and the duties of the Provincial Post-Offices shall be severally conducted by subordinate officers to be styled "Post Masters." The Post Masters General at Madras, Bombay and Agra, and the Post Masters subordinate to them, shall be appointed by the Governors in Council of those Presidencies respectively, and shall exercise their functions in subordination to the said Governors in Council. The Post Master General and Post Masters of the Presidency of Fort William shall be appointed by the Governor General of India in Council, and shall exercise the functions under the direct control of the said Governor General of India in Council.

IV. Letters, Papers, and Parcels shall be received wherever a Post Master or Post Office Writer is stationed, for despatch by *Land* to every part of India or to Ceylon, and by *Sea* to every part of the World with which there is a Post Office communication: the latter unless superscribed for some particular Ship, will be sent by the first Vessel that sails direct to the country to which the letter is addressed, and if there be no Vessels so proceeding direct to the place addressed, the letter shall be forwarded by such circuitous route as shall appear to the Post Master General or Post Master to afford the means of most speed and secure transmission.

V. Letters, Papers or Parcels, required to be transmitted to Foreign Countries via Great Britain or Ireland, must be addressed to the care of an Agent or other person in the United Kingdom, by whom the Foreign Postage demandable at the London General or other Post Office may be paid. VIII. On Letters, Papers or Parcels, intended for delivery in Ceylon, Postage must be paid in advance to Point Calimere, except in case of letters received for Ceylon from Ship, which may be forwarded Bearing Postage. If letters for Ceylon are received from Ship under cover to residents in India, such letters, superscribed "Ship Letters" and Bearing Postage as such will be received for transmission to their destination in like manner as if received direct from the Ship.

Further, the several Post Masters shall prepare for each and every such office under their control respectively, a Schedule framed from these Tables in the following form, for exhibiting the rates of postage chargeable at every such office, respectively, for the transmission of Letters and Parcels to every part of India; and a counterpart of every such Table shall, be submitted in duplicate by the Post Master for the approval of the Post Master General of the Presidency; and one copy, as approved, and countersigned by the Post Master General, shall be returned for the use of the Office for which it is framed: and the same, with a translation or transcript in the Vernacular language of the District, shall be hung up in the said Office, and all Postage dues shall be levied according thereto.

XI. Letters, Papers or Parcels shall be received at any General or Provincial Post Office for delivery at the Station itself within the ordinary range of delivery, and shall be charged Postage according to the rate for distances not exceeding 20 miles.

XII. Every thing received by Post from Seaward, not exceeding 600 tolas in weight, shall be immediately forwarded to the party to whom it is addressed, either by Letter or Banghy Post, according to its weight, unless it shall contain articles liable to Custom duty, or unless instructions to the contrary have been received in writing at the Post Office. Parcels exceeding 600 tolas weight shall be made over to the Collector of Customs for publication in his list of Unclaimed Packages.

XIII. The Post Master receiving such letters, &c., by the mail will then be guided by Section XXX. of the Post Office Act. But unless for the cause above specified all Post Office Authorities are prohibited from detaining, except under Section XXIV., of the Post Office Act, any letter, paper or packet received for delivery by Post.

XIV. All Letters, Newspapers or other Papers and Packets received for despatch by Post or Banghy Post, shall be weighed at the Post Office of Despatch, and shall be stamped and marked single, double, &c., as the case may be, and shall have the Postage to which they are severally liable marked on them: which stamp or mark shall regulate the Postage to be levied from the party concerned, whether the letter, paper, &c. be sent "Paid" or "Bearing Postage"—in order to obviate delay, Service and Free Letters shall never be re-weighed prior to delivery, nor Newspapers, except in case of suspicion. Banghy Parcels, shall in all cases be re-weighed on delivery. The re-weighing of private letters prior to delivery shall be at the discretion of the Post Master General or Post Master.

XV. In the event of any letters declared, or required by Clauses VII. and VIII., preceding, or by Clause LIX., following, to be Post Paid, or Papers or Parcels reaching any Post Office, on which it shall appear that the entire regulated Postage whether Inland or Ship, has not been paid, such Letters, Papers, or Parcels shall not be detained or returned to the sender, but shall be delivered or forwarded to their destination as the case may be, and the amount deficient shall be recovered from the party through whose negligence the undercharge has occurred.

M. shall not be opened till the following morning, except in case of public emergency, or of Letters, Papers or Parcels received from Seaward.

XXII. At Provincial Offices, the delivery of Letters, Papers and Parcels must depend upon the hour of the arrival of the Mails at each Station, after which they shall be delivered with all possible despatch.

XXIII. The Delivering Peons are prohibited from delivering Letters, Papers or Parcels out of the usual course, and without immediate payment of the exact amount of Postage; and they are not bound to give change. Should they be subject to detention, they are not to deliver the Letters, Papers or Parcels, but to return them in the evening to the Post Office, for future delivery.

XXIV. Whatever Postage is marked on a Letter, Paper and Parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to. In all complaints of overcharge or unnecessary delay in delivering Letters, Papers or Parcels, the Covers or Envelopes, bearing the Post Office Stamp must be presented for inspection and as all Post Office Peons wear a badge regularly numbered, when any complaint are preferred against any individual, the number of the badge should be specified.

XXVII. The Post Master at any Station or person in charge of the office, shall have power to refuse Letters, Papers or Parcels bearing the appearance of having been opened and re-closed or otherwise improperly dealt with, unless the writer or sender thereof shall attest with his full signature that they were sent in that state.

XXVIII. In order to protect as far as possible the public Mails, from the chance of robbery, Officers in charge of Post Offices shall not knowingly receive Money, Bullion, Precious Stones or Jewels for despatch either by Letter or Banghy Post.

XXIX. Letters once delivered into any Post Office cannot be recalled by the sender under any circumstances whatever. But Newspapers and Parcels may be recalled, on the person claiming the return of the same, satisfying the Post Master that he was the sender thereof, and on his paying the Postage, which would have been due on such paper or parcel if forwarded.

XXX. "Forward Letters" or Parcels, i. e., those which follow the persons addressed from Station to Station, shall be considered as so many fresh despatches, as shall be liable to Postage as such, from each Station, whence they are forwarded in succession. But Newspapers, which follow persons in like manner, and Letters forwarded to Officers and persons marching with Corps and Detachments on duty, shall not be deemed to be a fresh despatch or be chargeable with fresh Postage beyond the maximum rate as leviable thereon, unless the former shall have been opened. XXXI. The Servants at the several Post Offices are not bound to give change to parties sending or receiving Letters in any case.*

XXXIII. In order to obviate as far as practicable all delay, or mistakes in the delivery of letters, it is particularly recommended that all persons arriving at or quitting any Station, or changing their residence at the same, will send to the Post Office a Notification thereof in writing.

MEMO.—The above Scale, exhibits in "Total" column, the rates leviable on *Imported* Ship Letters, which includes the Inland Postage from Kedgeree.

The Rule regarding Ship Postage on *Exported* Letters, is simply, 2 annas for every Letter not exceeding 3 tola weight, one anna being added for every additional tola weight. But, should it happen, that more export Letters require to be forwarded to Kedgeree, to overtake the vessels for which they may be intended, then, in addition to the above-mentioned rates, the ordinary Inland Postage would be leviable, as per column so headed in the Scale for Imported Letters.

It is to be observed that the "Inland Postage" column in both these tables are for Letters despatched from *Calcutta* only.

Public Despatches, Expresses, and Franking Rules.

XLIV. All Public Despatches are to be made up in the most compact form possible, and whenever two or more letters are despatched from any one Office, to the same individual by the same day's post, they are to be put up under one cover, provided they do not in the aggregate exceed 12 tolas weight.

XLV. When the number of Letters received at any Post Office, shall cause the weight of a Mail to exceed the regulated weight, the Post Master General or Post Master is authorized to keep back a portion of the heavier public Despatches till the following day. But private Letters, except in cases of bulky Letters from Sea and public Letters marked "despatch," shall not be so kept back.

XLVI. Despatches to be transmitted by Express must bear in the face of them the words "By Express," and the signature in full of the Officer sending them.

XLVII. As the employment of Expresses interferes with the celerity and regularity of the Ordinary Mails, and is attended with expense, Public Officers are enjoined to employ them as sparingly as possible, and any Public Officer despatching an Express, when the exigency of the Public Service does not, in the opinion of the authority to whom he is subordinate, require it, will be held answerable for the expense attending that method or transmission. Public Expresses from a General Post Office can be ordered only through a Secretary to Government.

XLVIII. Expresses may be employed by private individuals at the discretion of the Post Master General or Post Master applied to, on a payment being made at the rate of 4 annas per mile in advance.

XLIX. No Public Officer shall detain Mails except a Secretary to Government acting by order, nor shall a Post Master delay the despatch of Mails at the requisition of any other Public Officer except in a case of emergency, duly certified, nor shall any Public Officer stop or open Mails in transit except under similar emergency, to be reported immediately to the nearest Post Master.

L. Letters directed to Native Officers or Men of their Regiments or detachments shall be delivered to an orderly or any other fit person who may be deputed by the Officer commanding the Regiment or Detachment to receive the same, but Letters on which Postage may be due shall not be delivered unless the Postage be first paid.

LL. Letters from Commissioned Native Officers and Non-Commissioned Officers, Privates and others borne on the Returns of Her Majesty's or the Honorable Company's Army, including Guides, Lascars and men of the regular Corps of Dooley Bearers, shall pass free of postage when not exceeding single weight, and containing no enclosures other than Bill of Remittances, superscribed with the name and rank of the sender, and directed in English according to the annexed form, in addition to any direction they may bear in any Native language. Such Letters may be franked by the Commanding Officer of the Regiment or Detachment, who shall adopt the most effectual measures in his power to satisfy himself that the same are bona fide from the parties whose names are superscribed thereon, and that they contain no enclosures except Remittance Bills, for which purpose they shall be brought open, and after being franked shall be closed in presence of the Commanding Officer who shall send them to the nearest Post Office by an orderly or other trusty person.

B. The franks of Members of Parliament will not exempt letters from India Postage.

LVIII. Postage charged in the first instance will be remitted on the Officer addressed satisfying the Post Master General or Post Master that the communication received is exclusively on the public service.

LIX. Letters which individuals address on their private affairs to any Government Officers must be sent "Post paid," and this rule is to be understood to include Letters transmitting Bills of Exchange, Promissory Notes, Receipts, Government Securities, &c. to the Accountant General, Government Agent, or other Public Officer; but this practice shall be reversed when Public Officers write letters on such subjects to individuals, on which occasions they shall superscribe on the Envelopes with their official signatures, the word "Bearing Postage."

LX. Official Gazettes shall be exempted from Postage when forwarded officially to any Public Officers under authority of Government. The List of such Public Officers will be kept by the Superintendent of the Gazette, and may be inspected at any time by the Post Master General or Post Master of the Station.

The following Rules for Stamping Letters have been submitted to the Governor General of India in Council, and being approved, are appended for the guidance of the Officers of the Department.

Rules for using Post Office Stamps.

All Letters and Packets whatever (save and except Newspapers and Ship and Steam Letters hereafter specially provided for,) received at any Post Office in India for despatch by Post, whether Free or Post paid, or liable to Postage, as the case may be, are to be marked with the appropriate Stamp, bearing the name of such office of despatch, and when Slide Stamps are not provided where the date of the month and year forms part of the Stamp itself, the said date must be entered in writing across the middle of the face of the Stamp. If the Letter or Packet received for despatch be Post-paid or bearing Postage, the amount of Postage so paid or due, must be entered in writing on the face of the stamp, after the word "Paid" or "Bearing" as the case may be.

2. All Letters and Packets whatever, received at any Post for delivery at such Office, are in like manner to be stamped with the appropriate Office Stamp, and marked with the date of the month and year; but the amount of Postage, paid or due, is not to be entered on the Stamp of delivery, as the Stamp of despatch regulates the levy of Postage.

3. The Stamp for all Service, Soldiers or other Free Letters or Packets, is an oval, $1\frac{1}{2}$ inch long by 1 inch wide, bearing the name of the Office and the word "Free," and must be stamped *red*.

4. The Stamp for all Letters or Packets, on which Postage has been paid, is an oblong, $1\frac{1}{2}$ inch long by 1 inch wide, bearing the name of the Office and the word "Paid," and must also be stamped *red*.

5. The Stamp for all Letters or Packets, on which Postage has not been paid in advance, is an oblong, $1\frac{1}{2}$ inch long by 1 inch wide, bearing the name of the Office and the word "Bearing," and must be stamped *black*.

6. Forward Letters of Packets, i. e., those which follow a party addressed from Station to Station, are to be stamped at each Office of fresh despatch, and marked with the additional Postage due on such fresh despatch.

7. When a Letter exceeds in weight a single tola, its weight, double, &c., must be entered in writing on the face thereof, and on Banghy Parcels, the exact weight must in all cases be entered in writing on the same.

8. All Service, Soldiers or other Free Letters or Packets, received from Seaward at any General Post Office, are to be stamped with the Ship Letter Free Stamp. This Stamp is circular, $1\frac{1}{2}$ inch in diameter, bearing the name of the General Post Office, the date of the month and year, and the words "Ship Letter Free" and must be stamped *red*.

9. All other Letters or Packets received from Seaward at any General Post Office, are to be stamped, if received by Ship, with the Ship Letter Bearing Stamp, and, if by a Government Steamer, with the Steam Letter Bearing Stamp. The former is a square Stamp, $1\frac{1}{2}$ inch in diameter, bearing the name of the General Post Office, the date of the month and year, and the words "Ship Letter Bearing." The latter is an octagonal Stamp of similar dimensions but with the word "Steam Letter Bearing." Both these Stamps must be stamped *black*.

10. At the several Stations where Newspapers are published in India, Newspaper Stamps are provided, with which all Newspapers received at such Stations for despatch, will be appropriately stamped,* whether Free, Paid or

* If "Free" or "Paid" *Red*. Bearing, as the case may be, and the Postage paid or due, as the case may be, marked on the same, either by the Stamp or in writing. At the Offices of Delivery,

where Newspaper Stamps may not be provided, Newspapers will be marked with the usual Office Stamp, in like manner as other Packets.

11. At General Post Offices all Letters or Packets required to be delivered at the morning delivery, are to be marked with the A. M. Stamp in *black* Ink, and those at the afternoon delivery, with the P. M. Stamp in *red* ink.

Regulations for Posting and Applications for Dawk Bearers.

I. Travellers may be furnished with Dawk Bearers on application at different Post Offices, where they will obtain all the requisite information as to the estimated distances between known Stations to which only Dawk Bearers can be laid by any Post Master.

II. A set of Dawk Bearers comprise twelve men, viz., eight palanquin bearers, two mussalchees, and two banghy burdars, for which is charged payable in advance at the rate of eight annas per mile; but as in many instances, owing to the delay caused by travellers remaining longer on the road than the stipulated time, this sum is found unequal to the expense, a further sum of four annas per mile is required to be paid as a deposit, to cover any eventual expense or demurrage caused by delay on the part of the traveller. Should none occur, the full amount of the sum deposited is refunded, upon the traveller furnishing a certificate from the Post Master at the place where his journey terminates that he arrived there without incurring demurrage. It is the duty of Post Masters to furnish travellers with certificates, specifying according to circumstances, whether or otherwise he has come on demurrage. Such certificate, it must, however, be understood, is only applicable to the Post Master's divisions who grants it, for it sometimes happens that a traveller having incurred demurrage on part of the road, by travelling subsequently during those hours originally appointed for halting, reaches the last division within the given time.

N. B. It is to be particularly observed, that in some districts bearers are with difficulty procured, and where they have to be sent a considerable distance to take up the traveller and in like manner to return home; for time so occupied, they are paid additionally, and in all such cases Post Master, are authorised to charge actual cost for the traveller's bearers.

III. When it is reported that a traveller comes on demurrage, on any part of the road, the adjustment of the amount deposited to cover such expenses will be postponed until the receipt of the Bills for the dawk, from all the Post Masters through whose divisions the traveller may have passed.

IV. Travellers, whether proceeding from the Presidency or from Out-stations, are provided with a form, in which they are requested particularly to note any cause of dissatisfaction they may meet with on their journey, and the places where they meet with obstructions or irregularities on the part of the bearers or subordinate Post-office servants; this form being affixed to the Certificate which the Traveller has to present for signature, secure its being noticed.

V. When a Dawk has been ordered and circumstances may render expedient for the Traveller to postpone his journey, or to withdraw the Bearers entirely, he will of course be held liable for any expense which may have been incurred on his account. The amount paid for the Dawk, and the amount deposited to cover Demurrage, will therefore remain unadjusted until Reports are received from the several Post Masters on the line of route upon which the Dawk was ordered.

VI. Traveller's Baggage must not exceed for each Banghy Burdar, Twenty-four Seers; and this must be divided into two Parcels, or Petarrahs, of such dimensions, as to render them conveniently portable, when slung as Banghies.

VII. It is to be generally understood, that although Government permits their Servant to lay Dawk Bearers for the convenience of the Public, the State derives no benefit from this source; and that neither Government nor any of their Officers are in any degree responsible to the Traveller for the misfortunes and disappointments which are inseparable from Dawk travelling; thus every Traveller travels at his own risk, and is liable to the losses and increased expenses incidental to delays and accidents and that Government can in no instance be considered liable to make good any losses whatever.

VIII. When irregularities and consequent inconvenience occur to Travellers, the Post Master General, on being applied to, will immediately investigate the complaint brought to his notice, but this can only be done in the same manner and to the same end as a superior in any other Department would interfere to enquire into complaints preferred against his subordinates.

IX. In cases of surcharge alone, or charges which, to the parties complaining, might appear unjust, because arising out of some positive neglect or error on the part of the Post Master who lays the Dawk, it would be the duty of the Post Master General to investigate the matter, with a view to afford pecuniary redress.

X. In every case of refusal to make good demands on account of laying Dawk Bearers, Post Masters are authorized to detain all Letters, Parcels, &c., for the person from whom the demands are due, in the same manner as he is authorized to act under Clause IX., of the General Rules.

XI. Any decision pronounced by the Post Master General in all references relative to Dawk Bearers, to be considered final.

All Ships about to come into Dock are to be trimmed on an even keel and kept upright.

All Waist Anchors or projections beyond the channels, to be removed.

All Ports and Scuttles to be shut in.

The Anchors are not to be catted but hove close to the hawes. The same rule to be observed on Ships going out of Dock.

From the time that the Dock ropes are made fast to the Ship, till she be secured on the blocks, all other duty on board is to cease.

As soon as a Ship is in Dock, the Commanding Officer will be pleased to station his people to hook on the tackles for putting the Ship fair over the blocks, and to divide his men equally on both sides for the hauling up of the shores.

N. B.—As the safety of the Ship depends on the prompt shoring of her, the most particular attention is requisite to the observance of this rule; for as no exertion of the Dock people can effect this without the co-operation of the Ship's Crew, the responsibility will rest with the Officers for any neglect of this most important duty.

From the moment the Ship enters the Dock, the seats of the head and galleries are to be nailed up; and no dirt, water, or other article whatever, is permitted to be thrown into the Dock.

No Fires or Lights are allowed on board Ships in Dock after Ten o'clock.

Whatever accommodation of Cook-rooms, Rigging-sheds, Sail-lofts, &c., may be required, will be obtained on application from the Commanding Officer to the Assistants of the Dock Yard, to whom he is requested to apply in all cases for assistance of every kind; and it is distinctly notified, that no Capstans, Spars, Blocks, Shears, Ropes, Carts, Bamboos, or any article whatever belonging to the Dock Yard, will be allowed to be used without permission.

The Commanding Officer of every Ship in Dock, is requested to caution all his Officers and Crews from interfering with the duty of any of the Dock Yard people, or molesting them in any way; but on all occasions of need, to apply to the European Assistants of the Dock Yard, whose duty it will be to pay immediate attention to the application, and remedy all difficulties.

As the Dock Yard walls and gates are for the security of all those within them, no Native will be permitted to carry any articles out without a pass from the officer of the Ship, in the same manner as the Dock Yard people are not permitted to carry any thing out without a pass from one of the European Assistants, and the Commanding Officer is requested to give notice to the crew that no one can be permitted to pass out at the lower gate of the Dock Yard.

In order to prevent theft as much as possible, it is particularly requested that as few Native servants be retained as possible, and that Chapmen coming to sell goods, or Sircars offering their services, be discouraged.

All strangers such as Ticca Bearers, and others, will be put out of the Dock Yard at dusk.

A Check or Receipt Book in which will be entered all the people employed, and materials disbursed for the work carrying on for the Ship, will be presented daily for the examination and signature of the Commanding Officer, or the person he may appoint to that duty.

The Officers, together with their Sircars, Peons and people, are at all times at liberty to see every article disbursing for the Ship measured and weighed, and that they be of unexceptionable quality, also to muster the people employed.

A contract has been entered into between the East India Company and this Railway Company for the making of an experimental Line, commencing at or near Calcutta, towards the North West Provinces at a cost of One Million Sterling or thereabouts. The East India Company undertake to pay a sum which shall be equal to five per cent. per annum, on the Capital raised by the Railway Company and expended in the construction and management of the works.

Should the working expenses of the line absorb the whole receipts from the Traffic, the Shareholders will still receive their five per cent. interest; should the receipts be in excess, the amount will be carried to the credit of the guaranteed interest until it amounts to five per cent.; and should further profits be realized, half the excess is to go to the Shareholders of the Railway Company and the remainder is to be paid over to the Government of India to reimburse them for the amount paid under their guarantee during the period of the construction of the Railway and such other time as they may have been called upon to make payments on that account. Should the profits amount to ten per cent. the rates of tolls are to be reduced.

On the other hand if the Railway in its working should prove unprofitable, the Railway Company have the power to abandon the Line to the East India Company after six months' notice and the sum expended on the construction and management of the Line is to be reimbursed to them.

The East India Company grant a free lease of the lands over which the Railway will pass for ninety-nine years, and reserve to themselves the option of purchase at the expiration of twenty-five or fifty years, Mails are to be carried free—Soldiers and Government Stores at the lowest rate of charge.

The works are to be constructed under the superintendence of the Government who are to certify to the expenditure.

The Government of India is to select the Section of the Line to be executed and if the cost of such Section should be One Million Sterling the Railway Company will raise the additional capital required and the guarantee of the Government will equally apply thereto.

An Act of Parliament for the incorporation of this Company limiting the responsibility of the Shareholders to the amount of their subscription has been passed by the imperial legislature.

The 120 Miles now constructing will probably be completed by the end of 1853, and the Railway Company are engaged in Surveying the Section to Rajmahal, which will be shortly proceeded with, and for which a further Sum of One Million Sterling will be raised on guaranteed interest of $4\frac{1}{2}$ per cent.

RATES OF HIRE AND GENERAL REGULATIONS OF THE UNION STEAM TUG COMPANY,

IN REGARD TO THE ENGAGEMENT OF THEIR STEAMERS,

As sanctioned by the Committee, 17th January, 1849.

RATES OF HIRE.

The Hire of the Steamer is charged for proceeding under engagement to a Vessel, and during the whole period of the Steamer's employment and detention; and eventually, for her return to Town. HIRE OF THE STEAMER.

The Hire of the Steamer is charged at the rate of Rupees 350 for each day for the entire day on which she first proceeds under engagement, and for every subsequent day of her so proceeding to join a Vessel. But no charge is made for proceeding to the Vessel when not previously engaged. For proceeding to a vessel.

During Employment.

The Hire of the Steamer is charged at the rate of Rupees 550 for each and every day on which the Steamer is employed. And no deduction of hire is made for the employment during only a portion of the day.

Demurrage.

The Hire of the Steamer is charged at the rate of Rupees 200 for each and every day during which she is detained, when Steam has been got up; and at the rate of Rupees 150 for each and every day during which she is detained, without Steam. And no deduction of hire is made for detention during only a portion of the day.

Return Hire.

The Hire of the Steamer is charged at the rate of Rupees 200 for the entire day following that on which she leaves a Vessel down the River, to admit of the Steamer's return to town. And this charge is made whether she returns to town or remain down the river, and equally, however short the actual employment of the Steamer may have been, and whether the Steamer return, during the night after being discharged from towing, or not until the following day. When the Steamer is dismissed before 8 A. M. at or above Kedgerie, before 10 A. M. at or above Mud Point, or before noon at or above Diamond Harbour, another day's hire is not charged for return to town, but the full hire of Rupees 350 for that day is charged without deduction, whether the Steamer obtain other employment or not.

EXTRA HIRE for extra work.**OCCASIONAL CONCESSION OF HIRE.**

Extra Hire according to circumstances is charged for all work done before sun-rise or after sun-set.

When the Steamer casts off a Vessel in order to render assistance in a case of distress, or when accident to the Steamer not attributable to mismanagement of the Vessel that is in tow, obliges the Steamer to cast her off before completing the engagement for the day, then the hire of that day is charged to the Vessel so cast off only for the portion of the day during which the Steamer has been employed by her; but no further concession is made on account of any detention to the Vessel that may result from such cause, or from other unavoidable delay or accident to the Steamer.

Rate of hire to Vessels in distress.

When the Steamer is obliged to leave a Ship to proceed to the assistance of another in distress or taken away from any duty in which she might be engaged for that purpose, then the charge to the Ship thus detaining her will be at the rate of Rupees 500 for each and every day she may be in that manner employed.

It is discretionary with the Secretaries, and under their direction, with the Commander of the Steamer in certain circumstances, to accept employment for the Steamers on short jobs at rates to be agreed upon at the time. But the rates charged upon such occasions are not to be considered as tending to establish precedents for a rate or rule of charge in exception to the general rates of Company.

THE STEAMER'S ENGAGEMENT.

Subject to the above rates of charge and to the general regulations printed below, the Steamer is bound to proceed to the Ship to which she is engaged, and to attend and tow her if required as far as may be considered by the Commander of the Steamer to be practicable with reference to the safety of the Steamer, the state of her engines, and the supply of fuel, and to the necessity of affording sufficient time for the return of the Steamer to safe anchorage, not lower down than Saugor Point, by sun-set. It being understood that, under these provisions, it is within the discretion of the Commander of the Steamer to decline towing a Ship higher up the river than Coolie Bazar or proceeding lower down than Saugor Point: and also to decline towing a Vessel during the continuance of a dense fog.

The hours of steaming are from sun-rise to sun-set.

GENERAL REGULATIONS.**Priority of Engagement.**

The selection of the Steamer in all cases rests with the Secretaries to the Association. *Choice of Steamer.*

The Steamer does not provide tow ropes, nor warps.—These and all other requisites must be provided by the Vessel that employs the Steamer, and conveyed, by her own boats, to the Steamer. Or in cases when Extra Hawser is supplied by the Steamer, a charge of 16 Rs. per diem will be made for such Hawser. *Tow Ropes, &c.*

The Certificate of the Commander of the Steamer certifying the period and place of employment or detention, &c. of the Steamer, is at all times to be admitted as the only requisite proof of the claim of the Secretaries for hire of the Steamer under these Regulations. *Certificate.*

The Union Steam Tug Company are not responsible for any accidents, nor for demurrage of Vessels employing their Steamers, under any circumstances whatsoever. *Accidents, &c.*

PASSENGERS.

The Rates of Passage Money will be proportionately increased according to the class of accommodation required.

A reduction of 10 per cent., on the full rates will be made in favour of Passengers making the voyage to and from Southampton, India, or China, within twelve months.

The rates of Passage Money include Stewards' Fees, Table, Wines, &c., for first-class Passengers. Bedding, Linen, and all requisite Cabin Furniture are provided in the Steamers at the Company's expense, together with the attendance of experienced male and female servants.

The expense of Transit through Egypt is also included in the Rates of Passage Money to India and China, with the exception of Hotel expenses, and also of Extra Baggage, Wines, Spirits, Beer, and Soda Water, all of which the Egyptian Transit Administration charge for separately.

Servants soliciting gratuities will be dismissed from the Company's service.

Passengers for places beyond Gibraltar desirous of visiting the ports of Spain and Portugal, on their way, can do so without any additional expense for Passage Money, by leaving Southampton in the same Company's Steamers on the 7th, 17th, and 27th of every month, touching at Vigo, off Oporto, at Lisbon, Cadiz, and Gibraltar; and joining, at the last-named port, the Steamer for Malta and Alexandria, touching at Gibraltar. Any or all of the Peninsular ports may therefore be visited, by staying ten days or more at each, and proceeding by successive Steamers, previous to joining the main line at Gibraltar. An opportunity is thus afforded to passengers of visiting these interesting localities, without any additional expense on account of Passage Money.

Half the amount of Passage Money, when the passage exceeds £20, is required to be paid on securing Passage, and the balance a fortnight before embarkation.

Passengers not embarking after engaging Passage, to forfeit the deposit of half the amount of Passage Money.

In case, however, of a Passenger being unavoidably prevented from availing himself of a passage at the period for which it is taken, a transfer of the passage can be effected to a subsequent Steamer, on due notice being given, without forfeiture of any portion of the deposit paid, and accommodation will be allotted as similar as circumstances will permit.

In remitting a sum of money to the Company on account of Passage, if by Cheque, it is recommended, for the sake of security, to write across the Cheque the name of the Company's Bankers, "*Messrs. Williams, Deacon and Co.,*" if by Order, Letter of Credit, or otherwise, it should be in favour of the "*Peninsular and Oriental Steam Navigation Company.*"

The Company's Steamers start from and return to Southampton.

Passengers should embark at Southampton not later than noon on the day of sailing.

Passengers will be expected to comply with the regulations established on board the Steamers for the general comfort.

No Berth or Cabin is to be occupied by a Passenger without application to the Agent on shore, or to the Purser on board. It is to be understood that a Passenger occupying a Cabin of two or more Berths, on the departure of the vessel (unless he shall have paid

There are two regular monthly communications with Bombay—the first is on the 20th of the month, by which Passengers are conveyed as far as Aden, where they join the Hon. East India Company's Steam Frigate, which carries the Mail (brought so far by the Peninsular and Oriental Steam Navigation Company's Steamer) to Bombay. These Steam Frigates are, however, according to the notification issued by the Marine Department at Bombay, “reserved for the Transport Service of the Government, and not intended to carry any other Passengers;” and Passengers cannot, therefore, always depend upon being conveyed in these vessels from Aden to Bombay, nor can the Peninsular and Oriental Steam Navigation Company guarantee Passengers for Bombay, proceeding by this Line, their passage beyond Aden.

On the 20th September, and 20th November, Passengers will be booked throughout to Bombay, the Peninsular and Oriental Company having a Steamer to meet the Passengers at Aden on their arrival, and convey them to their destination. These vessels will leave Bombay on or about the 14th September, and 14th November.

REGULATIONS OF THE CALCUTTA TRADE ASSOCIATION.

- I. That this Association be denominated "*The Calcutta Trade Association.*"
- II. That it do consist of an unlimited number of merchants, tradesmen, artists and others, who may be disposed to aid in the accomplishment of the objects of this Association.
- III. That the objects of this Association be :—
1. To encourage the general adoption of the system of ready money payments which prevails in all other parts of the world, and which enables tradesmen to sell at lower rates than those of Calcutta can afford to do, from the prevalence of the ruinous system of indiscriminate credit, which has obtained for many years, to the serious injury of the tradesmen, and the manifest disadvantage of the public.
 2. To define the terms of credit, when credit is allowed, and to prescribe measures calculated to ensure payment, and guard against future loss when the terms of credit are violated.

RULES AND REGULATIONS.

Whereas by Act No. IX. of 1850, entitled An Act for the more easy recovery of Debts and Demands in Calcutta, Madras and Bombay, It is, amongst other things, enacted that—

“The Judges of each Court holden under this act, subject to the approval of the Judges of the Supreme Court, shall have power to make and issue all the general Rules for regulating the practice and proceedings of the Court, and also to frame forms for every proceeding in the Court, for which they shall think it necessary that a form be provided, and also for keeping all books, entries and accounts to be kept by the Clerk of the Court, and from time to time to alter any such rule or form ; and the rules so made and the forms so framed, shall be observed and used in the Court of that Presidency, and shall be sent to the Supreme Court for approval, but shall be of force until disapproved.”

In pursuance of such power, therefore, it is hereby ordered that the following be the

RULES OF PRACTISE FOR THE CALCUTTA COURT OF SMALL CAUSES.

1st. All applications for the usual process of the Court shall be made to the Clerk in writing, setting out the names and designations in full, of Plaintiff and Defendant if known, if not known, describing them by such names and description to the extent to which the same are known, with their last place of abode or business, the cause, or causes of action, and the amount claimed to be recovered.

2nd. The summons to appear to suits or actions, shall be issued according to the forms, in the Schedule, and shall be dated, as of the day when issued. Summonses shall be made generally returnable on the seventh day, but may be made returnable in a shorter or longer period at the discretion of the Judge.

3rd. Every such Summons to appear to a suit or action shall be served by one of the Bailiffs of the Court, two clear days before the holding the Court, at which it shall be made returnable.

4th. The service of Summons, to appear to a suit or action, must be, either personal, or by delivering the same to some person at the place of abode, or place of business of the Defendant, and in such cases as the Judge may deem it necessary, the Plaintiff, or his agent, must accompany the Bailiff to point out the Defendant, or his place of abode, or place of business.

5th. When a Defendant shall be living or serving on board of any Ship or Vessel, or be residing or quartered in any Barracks, and serving Her Majesty or the East India Company, as a Mariner or Soldier, it shall be sufficient service to deliver the Summons, to appear to a suit or action, to the senior Officer on board, or to the person, who may at the time have charge of such Ship or Vessel; or to the Adjutant of the Corps, or any Officer or Sergeant of the Company to which such Mariner or Soldier shall belong or be attached.

6th. When any Defendant shall, by keeping his house, place of abode, or place of business closed, or by absconding, or by violence or threats, prevent any Bailiff from serving any Summons to appear to a suit or action, as hereinbefore directed and such Summons shall have been conspicuously fixed on, or near to, such place of abode or place of business, or otherwise served, as nearly as may be, according to the mode hereinbefore directed such service may be deemed good service.

7th. Provided that in all cases where Summons, to appear to a suit or action, shall not have been served personally, and the Defendant shall not appear on the return day or day for his appearance, it must be proved to the satisfaction of the Judge, that the service of such Summons was regularly made.

8th. When any such Summons, to appear to a suit or action, has not been served as hereinbefore directed, it shall be lawful for the Court to issue another Summons, in continuation of, and founded on, the first Summons, which shall be returned not served; the first Summons shall be deemed the commencement of the suit.

9th. The Bailiff who serves a Summons to appear to a suit or action, shall endorse on a copy of such Summons, the time and manner of the service thereof, and shall produce such copy so endorsed at the Court, on the day in which the Summons shall be returnable, and such copy shall be filed by the Clerk of the Court.

10th. The rules as to the mode of service of Summons, to appear to a suit of action, shall apply to the service of all Summonses, Judgments, Orders, Notices and Processes whatsoever, issuing under the authority of Act IX. of 1850, except as to Summonses to witnesses, service of which must be personal, and to cases in which it shall be otherwise directed by the said Act or any rule made under the authority thereof.

11th. The Clerk shall keep the several books, and in the form in the Schedule, and every entry in such books shall have a number prefixed, corresponding with the number of the Summons to which it refers.

12th. The Clerk shall also keep a separate book (for the purpose of being submitted to the Judges of the Supreme Court) in which shall be transferred and entered the causes, which may be removed, or the cases which may be sent to the Supreme Court.

13th. The attachment against Defendant to compel his appearance in Court to answer to the suit or action, shall be made returnable on such a day as the Judge may order, and on the Defendant being arrested under the Writ of Attachment, immediate notice shall be given to the Plaintiff to appear, and on the appearance of the Plaintiff the cause shall be called on before the Judge, and the appearance of the Defendant being duly noted, the Judge at his discretion, may either then proceed with the cause, or adjourn the hearing to the day, when the Writ of Attachment shall be returnable, or to such other day as he shall direct; and if the Plaintiff shall not appear when the Defendant is brought before the Court in custody, by virtue of the Writ of Attachment, the absence of the Plaintiff and the appearance of the Defendant shall be minuted and the Defendant be discharged from custody, and directed to attend on the day of the return of the Writ of Attachment, and on failure of the Defendant's attendance on the day mentioned, the hearing of the cause shall be proceeded with, notwithstanding the non-appearance of the Defendant, and the Judge may make such order as to costs of Attachment as he may think just.

14th. The Clerk shall grant a receipt or memorandum for every sum paid into Court by the Suitors, Fees or Commission, or on any account whatsoever, and no money shall be paid out of the Court, unless on production of the said receipt, or memorandum, or by order of a Judge.

15. When the Defendant pays money into Court, the sum shall be large enough to include all necessary costs in Court up to that time, incurred by the Plaintiff, together with costs of notification to be given by the Plaintiff, of his acceptance of the money and the costs of taking the same out of Court; the amount so paid shall be duly registered. A receipt or memorandum shall also be granted by the Clerk to the party for the amount so paid in.

16th. If the Plaintiff elect to accept, in full satisfaction of the debt or damages claimed, and costs, the sum that has been so paid into Court, by the Defendant, and shall notify the same to the Clerk in writing, the action shall be discontinued, and the parties to the suit or action, shall not be liable to any further costs, after such payment and satisfaction to the Plaintiff as aforesaid. But if in default of Plaintiff notifying to the Clerk such acceptance as aforesaid, or otherwise, the suit or action proceed, and the Plaintiff fail to prove that he is entitled to more than has been paid into Court and the Defendant is put to fresh costs, the Plaintiff shall be liable to pay to the Defendant such costs as the Defendant may incur after such payment.

17. The causes settled by agreement of the parties must be reported to the Clerk by the Plaintiff, or his constituted agent, previous to the day of the return of the Summons or to the Judge at the time when the Cause is first called in Court, on the return day of the Summons.

18th. When a Defendant is desirous to set off any debt, or demand alleged to be due to him by the Plaintiff, he must state the particulars of such set-off to the Clerk one clear day before the return of Summons, unless the Court shall fix some other day for stating the same.

19th. When a Defendant intends to rely on the special defence of Infancy, Coverture, the Statute of Limitations, or his discharge under the Statute relating to Insolvent Debtors, he must be personally present in Court on the day of appearance to the Summons, and orally plead such defence before the Judge, or if unable to attend, by reason of illness or other allowable cause of absence, he must state in writing such special defence to the Clerk at the time of his appearance.

20th. No new trial shall be granted unless application be made within four days after judgment, and without leave of the Court having been first obtained, and before such application for leave shall be made, the party making such application, shall deposit in Court the whole amount of the debt or damages decreed against him, with costs thereon, and shall give notice, in writing, of such application to the Clerk at his Office at the time of making such deposit. The Clerk, on such application being granted, shall cause a Summons for such new trial, in the usual form to be served on the other party.

21st. When money has been paid by any party under any execution or order, if the Clerk received notice from such party of his intention to apply to the Court to set aside the execution or orders under which the money is paid into Court, or to grant a new trial, the Clerk shall retain the same for five days within which time the party must make such application to the Court, and if made, the money shall be retained until the Judge shall otherwise order.

22nd. When any order is made for the payment of any debt or damages, costs or other sums of money by instalments, such instalments shall be payable at the office of the Clerk, at such periods as the Court shall order, and if no order be made, fixing the dates of payment of the instalments, then, the first instalment shall become due at the expiration of one calendar month from the day of making the order, and every successive instalment at like periods of one calendar month from the day of the previous instalment becoming due.

23rd. When any Cattle, Goods, and Chattels taken as a distress for rent in arrear or damage *faisant*, shall have been replevied, the party at whose instance such replevin shall have been made, shall enter his suit in the Court held under the authority of Act IX. of 1850, and thereupon Summons shall issue against the Defendant according to the form annexed in the Schedule; and such Summons shall be served in such time and manner as hereinbefore directed.

24th. On entering a suit in replevin, the Plaintiff must specify and describe, in a statement of particulars to be made in writing, the Cattle and the several Goods and Chattels taken under the distress, and of the taking of which he complains.

25th. All actions of replevin in cases of distress for rent in arrear or damage *faisant*, shall be tried in a summary way as other suits and actions in the Court held under the authority of Act IX. of 1850, and the Judgment therein, in ordinary cases, whether for Plaintiff or Defendant, shall be according to forms in the Schedule, or to the like effect.

26th. Execution on a judgment is not to issue by or against any person a party to such a suit or action, without Summons upon the judgment, the proceedings in which shall be the same as in ordinary cases.

27th. When judgment has been given for or against a person deceased, his Executors or Administrators may, in the same manner, sue and be sued upon the judgment.

28th. The ordinary judgment against the Executors or Administrators shall be to pay the debt or damages and costs, to be levied out of the Goods of the deceased in their hands, and as to the costs, if there are no such Goods then to be levied out of their own Goods.

29th. If the sole defence by Executors or Administrators be, that they have fully administered, and the judgment of the Court is for the Defendants, it shall be, that the amount found to be due be paid and levied out of the future assets of the deceased, and the costs shall be in the discretion of the Judge. If the Executor or Administrator have assets to satisfy part of debt only, then he must admit assets to satisfy the demand to that amount, and say that he has none besides, and if that be so found then the Plaintiff shall have judgment for the assets on hand; and for future assets, as to the residue, and the costs shall be in the discretion of the Judge.

30th. When Judgment has been given against Executor or Administrator, that the amount be levied from the future assets of the deceased when they shall come to hand, the Plaintiff may at any time proceed by application for Summons against them, suggesting that assets have come to their hands, and the Court shall proceed (after due service of Summons) and give Judgment thereon, as in Rule 28, and if for the Defendants, they shall be entitled to their costs.

31st. When the ordinary Judgment has been given, that the debt, or damages and costs be levied out of the Testator's effects, then, if there be no assets to satisfy the judgment in the whole or in part, the Plaintiff may apply to the Judge for leave to levy the whole and costs, out of the Defendant's own Goods on a suggestion of the assets, and the Judge shall direct such notice to be given of the application as he thinks fit, and dispose of the motion in a summary way.

32nd. If the party, sued as Executor or Administrator or Representative, have set up any vexatious and groundless defence, and the matter of the defence be adjudged against him, and the Judge shall think the defence vexatious and groundless, he shall give Judgment out of the assets. And if none, out of the party's own Goods for the sum which it adjudges.

33rd. All costs shall be taxed by the Clerk.

34th. No Warrant of Execution or Commitment shall be executed after the expiration of two calendar months from the date thereof, provided, that second and successive Warrants of Execution may be issued by order of the Judge, at the expiration of two calendar months from the date of each, on payment of the prescribed costs of Execution by the party suing out the same. Provided always, that no warrant of Execution shall issue upon any judgment or order of this Court after the expiration of three years from the date of such judgment or order, but the parties in such a case, shall institute a suit or action *de novo* on such unsatisfied judgment or order.

35th. When any claim shall be made to, or in respect of any Goods or Chattels, taken in execution under the process of the Court holden under the authority of Act IX. of 1850, or in respect of the proceeds or value thereof or by any person not being the party against whom such process has issued on the application of the Officer charged with the execution of such process, such Summons shall be served in such time and manner as hereinbefore directed for Summons to appear to a suit or action, and the Claimant shall be deemed Plaintiff and the execution Creditor the Defendant, and the Claimant shall on the day on which he may prefer such claim, deliver to the said Officer, or leave at the office the Clerk, a particular of any Goods or Chattels alleged to be the property of the Claimant, and on the day on which the said Summons is returnable, state to the Judge the grounds of his claim, and in case of a claim for rent, the Claimant shall, on the day on which he may prefer his claim, deliver to the said Officer, or leave at the office of the Clerk, particulars of the amount, and for what period the rent was claimed to be due.

40th. One day before the day of the holding of the Court, the Bailiffs shall deliver to the Clerk, a list of all Summonses to appear to suits or actions, which shall have been issued, and the Clerk shall forthwith cause such lists to be put up in the Court House.

41st. Every Bailiff required to execute any Warrant of Execution or Commitment, if he shall not have executed such Warrant, shall return the same to the Clerk's office, at the expiration of two calendar months from the date thereof.

43rd. No Summons, Notice, Order, or any Execution on a Judgment, or any other Process whatsoever, shall be served or executed on Sunday, Christmas-day and Good-Friday.

44th. With reference to Section XXIII. of the Act IX. of 1850, the Court, under the authority of the Governor in Council, will not hold sittings on any of the Holidays which are observed as such in the General Treasury, and no Writ of Attachment, referred to in the 13th Rule, shall be observed on those days.

45th. No Summons, Notice, Order, Execution on a Judgment, or any other Process whatsoever, shall be served or executed on a person professing the Hindoo religion, during the four days of Doorga Poonjah, viz, Saptami, Ashtami, Navami and Dashami.

46th. Provided that all such days mentioned in the three preceding rules shall be counted in the computation of the time required by Rule 34th, unless any such days shall be the last day of such time, in which case it shall be excluded from such computation.

47th. In case of proceedings not provided for, by the forms in the Schedule, the Clerk shall issue the necessary process, using, where practicable, the forms prescribed in the Schedule, as guides in framing the same.

48th. No process of any kind shall be set aside for irregularity; it shall be amendable and amended, and the Judge may, if he think it right so to do, make the party in error pay the costs of the application for, and of the amendment.

49th. All parties shall be liable to appear in person before the Court, but when any person shall appear, with leave of the Court not in person, nor by any Relative or Servant of his or any member of his establishment, but by some person previously unconnected with him, such person shall not only be constituted in writing the agent for the party for the conduct of the case; but be subject to the jurisdiction of the Court and to summary taxation of any sum claimed as remuneration.

50th. No correspondence relating to Suits instituted in, or proceedings before the Court of Small Causes, can be attended to, and parties having business with the Clerk, or in his Office, shall transact the same in person or by an accredited Agent.

JURISDICTION OF THE CALCUTTA COURT OF SMALL CAUSES, CONSTITUTED A COURT OF RECORD BY ACT IX. OF 1851.

As there is much misapprehension regarding the powers of the above Court, and the descriptions of cases which may be brought therein, the undersigned has deemed it advisable to publish the following brief sketch in the hope of its proving useful to the public.

1. **JURISDICTION AS TO LOCALITY.**—The jurisdiction of this Court extends over the whole of Calcutta, the limits of which are fixed by the Proclamation issued by the Governor-General in Council on the 10th September, 1794. (Section V.)

2. **JURISDICTION AS TO PARTIES.**—This Court has jurisdiction over *all persons* who dwell or carry on their business or work for gain within the district of the Court at the time of bringing the action, or who did so dwell or carry on their business or work therein at the time when the cause of Action arose, or within six months before the time of bringing the Action for causes of Action which arose within the same time. (Section XXVIII.)

3. **PRIVILEGE AND EXEMPTION FROM ARREST.**—The Governor-General and Members of the Supreme Council of India, the Governor and Members of Council of the Presidencies of Fort William in Bengal, Fort St. George and Bombay, respectively, the Chief Justices and Judges of the several Supreme Courts established therein by Royal Charter are not liable to arrest or imprisonment by process issuing out of this Court, and no writ or process may be sued out of the Court against any of the persons privileged by Act 1 of 1844, that is to say the Nawab of the Carnatic, his family and retinue, or Act 18 of 1848, that is to say, the Nawab of Surat, his relations and servants without the consent of the Governor in Council. (Section XXX.)

4. **JURISDICTION AS TO SUBJECT MATTER.**—By Act IX of 1850, *all suits*, where the debt or damage claimed, or value of the property in dispute, is not more than 500 Rupees, whether on balance of account or otherwise, may be brought in this Court. (Section XXV.)

5. **CAUSE OF ACTION MAY NOT BE DIVIDED.**—It shall not be lawful for any plaintiff to divide any cause of action for the purpose of bringing two or more suits in this Court, but any plaintiff having cause of action for more than 500 Rupees may abandon the excess, and thereupon the plaintiff shall, on proving his case, recover to an amount not exceeding 500 Rupees, and the judgment of the Court shall be *in full discharge of all demands in respect of such cause of Action.* (Section XXXIV.)

6. **MATTERS EXEMPTED FROM THE JURISDICTION OF THE COURT.**—This Court has no jurisdiction in any matter concerning the revenue, or concerning any act ordered or done by the Governor or Governor-General, or any Member of the Council of India, or any Presidency in his public capacity, or done by any person by order of the Governor-General in Council, or concerning any Act ordered or done by any Judge or Judicial Officer in the execution of his office, or by any person in pursuance of any judgment or order of any court, or any such Judge or Judicial Officer, or in any suit for libel or slander. (Section XXV.)

7. **JURISDICTION IN SUITS FOR REAL AS WELL AS PERSONAL PROPERTY.**—All suits therefore with the above exceptions, whether for personal or real property, may be brought in this Court. This was held by the Supreme Court in the case “*Hurromoney Dossee vs. Gopal Chunder and others.*” Its opinion was as follows: “Mr. Peterson argued that the Court for the trial of Small Causes has no jurisdiction over a suit in which the title to immovable property depends, brought to try that title. But such is not our opinion: we think that jurisdiction is conferred by an earlier section to a limited amount.”

8. **MINORS.**—Any minor may prosecute a suit in this Court for any sum of money not greater than 500 Rupees, which may be due to him for wages or piecework, or for works as a servant, in the same manner as if he were of age, (Section XXI,) but in any other matter he must sue by his guardian or next friend.

9. **EXECUTORS AND ADMINISTRATORS.**—Any Executor or Administrator may sue and be sued in this Court in like manner as if he were a party in his own right, but no Executor or Administrator shall be summoned in that capacity within six months after the death of the person whose Executor or Administrator he is. (Section XXXIII.)

10. **RECOVERY OF SMALL TENEMENTS.**—A special remedy is provided by Act IX of 1850, for the recovery of small tenements by the owner from an occupier, whether his occupancy originated in tenancy, or in a mere permitted occupation, it is to be observed that Act IX of 1850, goes further than the Act constituting the County Courts in England, as the Supreme Court remarked in its decision in the case of *Hurromoney*

Dossee versus Gopal Chunder and others. "The corresponding Section of that Act extends to landlords and tenants only, to persons who have stood to each other in that peculiar relation. This Act goes further, for it uses the word 'occupier' as distinct from 'tenant'; and 'occupy' as distinct from 'hold.' But the context shows plainly that occupier is used in a sense in which it is frequently employed to denote mere actual possessions of land which are permissive or have or have been so, and yet where there is no holding, or tenure by any hand and no relation of a tenant to a landlord, or ever was. It includes adverse holdings on a once permitted occupation, as when a house has been lent, or a servant or clerk has in part occupied, but only as incidental to his service, and not with any view to tenancy." When therefore this means in obtaining possession of real property is resorted to, and possession is given, the question of title is left untried, and subject to litigation in this or another Court. (Sects. XCI to XCVIII inclusive.)

11. **DISTRAINT FOR RENT.**—Under Acts VII. of 1847, and IX. of 1850, arrears of rent not exceeding Co.'s Rs. 500, may be recovered in a summary way in this Court. Act VII. of 1847, required the person claiming the arrear to appear in person and make the affidavit of arrear, but Act IX. of 1850, provides that the affidavits of arrear may be made either by the person entitled to such arrear or by his or her lawfully constituted Attorney, and a warrant of distress may issue on such affidavit. Act IX. of 1850, by extending the Jurisdiction of this Court to the recovery of all arrears of rent not exceeding Five Hundred Rupees, has placed nearly all the tenements in Calcutta within its Jurisdiction, for there are very few houses, the monthly rent of which exceeds that amount.

Parties applying for warrants to distrain the goods and chattels of their tenants, under Acts VII. of 1847 and IX. of 1850, are required to file in the Court authenticated copies of Leases or Agreements entered into by their tenants. In the absence of any such documents, the Landlord or his constituted agent must submit for the consideration of the Court a written and attested statement setting forth the terms of the holding.

12. **FORMS OF ACTIONS.**—The actions for which a summons may issue in this Court are divided into classes, "**ACTIONS ON CONTRACTS**," and "**ACTIONS FOR TORTS**." The following is an enumeration of some of the most common descriptions of suits that occur under the above heads. This enumeration is not to be considered as containing every form of action. It is put forth merely to give *some idea* of the kind of actions which may be brought in this Court, and it should be clearly understood that every kind of suit but those excluded in paragraph 3 of this sketch may be brought in this Court if within its jurisdiction as regards amount and locality.

1st—*Actions on Contracts* are: 1—For Goods sold. 2—Works and Materials. 3—Money lent. 4—Money paid. 5—Money received. 6—Account stated. 7—Interest. 8—Use and Occupation of a Messuage or Apartments. 9—Board and Lodging. 10—Wages. 11—Good will of Business. 12—Hire of Goods. 13—Attorney's Costs. 14—Work, care and attendance as a Surgeon and Apothecary. 15—Work done as an agent. 16—Stabling for Horses. 17—Carriage of Goods. 18—Seamen's wages. 19—Not accepting Goods sold. 20—Not delivering Goods bought. 21—Not taking care of Goods let to hire. 22—Against a carrier for loss of Goods. 23—Balance of a partnership Account. 24—A share under an intestacy. 25—Breach of promise of Marriage. 26—A sum of Money due on a *tamasook* or any other writing not under seal. 27—On a Bill of Exchange. 28—On a Promissory Note. 29—On a Guarantee. 30—On a Warranty in regard to the soundness of a Horse or Dog, &c. 31—For a Legacy. 32—On a Mortgage. 33—On a Money Bond. 34—On any Writing under Seal. 35—On a Judgment. 36—Actions for the recovery of particular Chattels unlawfully detained, and for Damages for the unlawful detention of the same which, if brought in the Supreme Court would take the form of Actions of *Det.*

This action lies for disturbance, obstruction or other injuries to markets, fairs, haunts, &c. 19—Replevin for the recovery of Goods and Chattels taken under a distress.—The remedy by replevin is applicable to all cases of unlawful taking of Goods.—It is resorted to when the recovery of the specific chattel is desired and not merely the value of the same.—Trove on the contrary lies where damages are sought to be recovered for the unlawful taking and detention.

13. **IMPRISONMENT DOES NOT EXTINGUISH THE DEBT.**—Imprisonment in execution of Judgment does not extinguish the debt, but all property then belonging to or afterwards acquired by the prisoner is liable to be taken in execution, after his discharge from prison for satisfaction thereof, or for so much thereof as is not paid, including the diet money actually expended for subsistence of the prisoner. (Section LXVIII.)

14. **BENCH WARRANT.**—Where a defendant *against whom a Summons shall have been taken out*, conceals himself from or otherwise evades process of the Court, or is disposing of his property or effects with intent to defraud the Plaintiff, or is about to withdraw his person or effects from the Jurisdiction of the Court, any Judge of the Court, upon proof of the same, may in all suits where the debt or demand exceeds Thirty Rupees, issue a Bench Warrant for the apprehension of such person, and may commit him to gaol until he shall find security for his appearance in the said Court from time to time until judgment shall be pronounced in the said suit, and for payment of the amount and costs which may be decreed against him therein. (Section L.)

RULES FOR THE GUIDANCE OF THE BAILIFFS.

The duties of the Bailiffs of the Calcutta Court of Small Causes are generally prescribed in Section 16 of the Act, and in Rules 39th and 42nd. With reference thereto the following Special Rules are now promulgated for their guidance.

1. All the Bailiffs of the Court will be punctual in their attendance daily at 10 A. M.
2. The Head Bailiff will henceforward keep an attendance-book, in which each Officer is directed to register his name and the hour of arrival on reaching the Office.
3. In the event of any Bailiff being engaged on special duty or unable to attend at 10 o'Clock, as directed by the 1st Rule, he will explain the same to the Head Bailiff, who will note the cause in the attendance-book, and submit it to the Clerk for his information and orders.
4. The Head Bailiff will keep a Roll of the Officers under him, from whom he will daily tell off one for each of the Courts whose duty it will be to attend in the Court Room to which he may stand appointed, during the day, and on no account leave it without the express sanction of the Presiding Judge, or while a Judge is present in Court.
5. The Officers on this duty will take care to preserve order and silence in Court, and will instantly check any merriment or indecorous conduct on the part of any one in attendance in Court, or bring the offenders to the notice of the Court.
6. The two Senior Bailiffs who have hitherto performed the duties of the Distrainment Department, and who are also the Appraisers of the Court, are, except in cases of emergency, exempt from the daily routine of attendance in Court, with special regard to the duties which devolve upon them, in the valuation and disposal by sale, of property seized under the Court's authority.
7. These Officers are, however, to consider themselves entirely under the orders of the Head Bailiff for the execution of such Writs as the emergency of the public service may, from time to time, require, and they are distinctly to understand that Rules 1, 2 and 3, are equally applicable to them as to all other Officers.
8. As soon as the attendance book is signed, and the Court Bailiffs allotted for the day, the three Officers off duty will be at liberty to leave the Office for the performance of their out-door functions.
9. The duties of the Bailiff out of Court are no less important than those directed in Rule 5th. He must bear in mind that the Plaintiff has lost a great deal of time and has incurred a heavy expense in securing the Judgment of the Court, and that from the moment a Writ is delivered to him for execution it is to him and his exertions the Suitor looks for a return of the costs, and the liquidation of his debt. The services of the Bailiff are for this express purpose granted and placed at the Plaintiff's disposal by Government, and the Judges expect, on pain of dismissal, that they will be readily, cheerfully and zealously given.
10. The Bailiffs are strictly forbidden from seeking or accepting presents from Suitors for discharge of duties, which are already remunerated by Salaries. Should any present be offered for past service, such offer should be reported to the Court, and should any attempt be made to bribe for future, or unlawful service, the Bailiff should remember that by failing to report such an attempt instantly to the Court or the Clerk, he risks the further tenure of his Office; but the Judges wish it to be at the same time distinctly understood that, in regard to complaints involving a demand for money on the part of the Bailiff, they are resolved to deal with such cases in strict accordance with the course laid down in the 87th Section of the Act.
11. The first duty of a Bailiff in prosecution of the out-door business appertaining to his office is to receive the authority from Suitors, by virtue of which he will be entitled to take from the Office the Warrant of Execution. On the back of this document the name of the Officer to be charged with the writ is written in English and if, from ignorance or other cause, the Suitor presents it to a different person from that named therein, the Officer to whom it is presented, is directed to explain the mistake in civil terms and to point out to the mistaken party the right person.
12. The Bailiffs are strictly required to use all due diligence in the execution of writs to avoid adding to the inconvenience which the Suitor has already undergone in the prosecution of his just claim, and to accelerate, by a cheerful and zealous discharge of the duties of his Office, the orders of the Court.
13. As to executions against the goods of the Defendant, great caution is required by the Bailiffs in the discharge of this particular duty; for they are not only liable to actions at the suit of the Defendant for an irregular and excessive discharge of their duty, but also to the Plaintiff for the slightest negligence or for favor shewn to Defendants, if such should prove to be improper and illegal. A strict observance of the law is therefore of paramount importance, and cannot be sufficiently insisted on.
14. The Bailiff cannot legally break open either the door or window of a Defendant's dwelling-house; but if he succeeds in getting into the house, he may break open any inner-door, or the door of an almirah, or the lock of a desk or drawer, first asking the

parties in the house to open them, and if they refuse to comply with his request, he may then use force for the purpose.

15. In the execution of Seal Warrants, the Bailiff, on entering the premises where the goods to be seized are, should demand from the Defendant the amount endorsed on the writ, which if not paid, he is to proceed to seize sufficient goods to satisfy the execution, leaving untouched the necessary wearing apparel, bedding, tools, and implements of the Defendant's trade.

16. The Bailiff may seize the personal goods and chattels belonging to the Defendant which can be sold, excepting fixture (unless they belong to the debtor, and are removable by him). He may also seize Money, Bank-notes, Cheques, Bills of Exchange, Promissory Notes, Bonds, Specialties or Securities; but he cannot take money from the Defendant's pocket.

17. The Bailiff is not obliged to keep the goods levied on the premises where he found them. He may remove them forthwith to the Court House, but if he is of opinion that they can be safely kept under the custody of Peons on the premises, and that Defendant does not object to the arrangement, he is at liberty to consult the latter's wishes and convenience in reference to their disposal, subject always to his own liability for the safe custody of the goods.

18. When the seizure has been made, and the property is either removed to the Court House, or secured on the premises, the sworn Brokers will proceed to appraise the goods so seized; and at the expiration of five days, they will sell the same by public auction either in the Portico of the Court House, or on the premises, as the case may be, and pay over the proceeds without delay to the Chief Clerk.

19. In the execution of writs against the body, due diligence must be used to effect the apprehension, and no time lost in placing the Defendant in jail, and the Bailiff charged with writ is distinctly to understand, that if any unreasonable delay takes place between delivery of the Warrant to his charge, and his attempt to execute it, he will be held answerable for the amount thereof, if the Plaintiff has offered to point Defendant out.

20. If the Defendant should happen to be ill, at the time of his arrest, and appear unfit to be removed, the Bailiff must not disturb him, but he must at the same time take care that he does not escape. The Bailiff is bound to stay with him until he is fit to be removed to jail.

21. With reference to Sections 65 of the Act, providing for the payment of diet money to a Defendant in jail, the Bailiff charged with a Writ against the person, will be careful not to execute the same, unless in communication with the Plaintiff or his agent, or unless he is certain that he can without delay, convey to one or either of them timely information of the arrest having been effected.

22. If any person should assault the Bailiff in the execution of his duty, or rescue, or attempt to rescue, any person or goods from his custody, he may call to his aid any Constable or Peace Officer within reach, all of whom are bound to assist when so called upon, and at once, *without Warrant*, apprehend the person or persons so offending, and bring them before a Judge of the Court to be dealt by according to Law.

23. All monies that may be paid into the hands of the Bailiffs of the Court either on the execution of Body or Seal Warrants, shall be immediately paid over to the Clerk of the Court.

24. In cases requiring the immediate service of a Summons, the execution of an Attachment, or a Bench Warrant or a Warrant of possession, and in all emergencies, where no other Officers are available, the Head Bailiff and the two next Officers who are employed in distraint cases well be required to execute the same.

25. On every Monday morning, each Bailiff will make a return in writing to the Head Bailiff according to the form hereto annexed; and the Head Bailiff will submit the same for the information of the Chief Clerk, with such remarks as he considers the case to require.

As to search for gun-powder, &c.

XL. Act not applicable to Government powder, &c.

XLI. The four last preceding Sections shall not extend to any Government magazine or store, or building for the making or deposit of gun-powder or gun-cotton under the authority or for the use of the Government, or to any gun-powder or gun-cotton for the use of Her Majesty's or the East India Company's Troops, or otherwise for the service of Government, or to any of Her Majesty's Vessels of War, or the Vessels of the Indian Navy, or of the East India Company's Marine, or to any other Vessel within the River Hooghly laden with gun-powder for importation or exportation.

XLII. Commanders of merchant vessels entering the River Hooghly shall, on or before the arrival of their vessels off Moyapore, deposit in the Magazine at that place all gun-powder intended for the Ship's use from on board their respective vessels, exceeding the quantity of fifty pounds, which quantity they shall be permitted to retain in their vessels for the purpose of firing salutes or signals in case of distress, and the gun-powder so deposited shall be again delivered on board on the return of the respective vessels from Calcutta in prosecution of the outward voyage; and Commanders of merchant vessels in the River Hooghly having on board their vessels gun-powder or gun-cotton for importation (not being gun-powder belonging to the Government) exceeding the quantity of fifty pounds, shall also deposit the same, on or before the arrival of their vessels off Moyapore, in the Magazine of that place, under charge of an Officer belonging to the Customs at that place, or such other person as the Governor of Bengal may appoint, and the proprietors or consignees of such gun-powder or gun-cotton, or their agents, whenever they shall desire to remove the same from the Magazine, shall make application to the Collector of Sea Customs for authority to do so, which application, when it be intended that such gun-powder or gun-cotton shall be lodged in any place, or be laden in any boat or other conveyance within the limits of the said town, shall be accompanied by a written order of permission, signed by a Justice of the Peace to that effect, and when it be intended that such gun-powder or gun-cotton shall be exported by sea, the Commanders of vessels, or the proprietors, or their agents, by whom it

shall have been deposited in the Magazine, shall make application to the Collector of sea Customs for permission so to export it; and the Collector of Sea Customs shall comply with such applications aforesaid, except where the exportation of ammunition shall require, under provisions of Act XVIII. of 1841, a licence from a public Officer other than the Collector of Sea Customs, in which case the Collector of Sea Customs shall not comply with the application unless it be accompanied by the licence of such public Officer; and on or before the removal of all gun-powder or gun-cotton from the Magazine, the Collector of Sea Customs shall and he is hereby authorized to levy a fee, the rate of which shall not exceed two annas per pound, for all gun-powder or gun-cotton that has been lodged therein, which fee shall be taken to cover all charges for the safe custody of the gun-powder or gun-cotton during the period it has remained or shall remain in the Magazine; provided also, that the Governor of Bengal shall be at liberty to authorize such arrangement to be made by letting or otherwise contracting for the custody of the Magazine, and for the collection and appropriation of the fees which may be charged for gun-powder or gun-cotton stored therein, as he may think proper, subject however to all the restrictions and rules imposed by this Section in respect to the removal from the Magazine of gun-powder therein stored.

XLIV. The jurisdiction of the Justices of the Peace acting within and for the said Town shall extend to all offences committed by any person in sea-going vessels in any part of the River Hooghly, and the said Justices shall have the same power and jurisdiction in respect of criminal offences committed in sea-going vessels in any part of the said river, that they now have and exercise within the said Town.

XLV. Every Officer belonging to the Calcutta Police is hereby authorized to arrest with a warrant any person committing in his view any offence against this Act, and every person taken into custody without warrant by any Constable belonging to the Calcutta Police shall be forthwith taken to the Station-house to which the Constable belongs, in order that such person may be detained, until he can be brought before a Justice of the Peace to be dealt with according to law, or in order that such person may give bail for his appearance before a Justice of the Peace, if the Superintendent, Deputy Superintendent, or Inspector at the Station shall deem it prudent to take bail in the manner hereinafter mentioned, which he is hereby authorized to do.

Power to take recognizances, at Station-houses or Police Lock-up on certain charges.

XLVI. Whenever any person is brought to the Station-house as aforesaid, charged with misdemeanor, assault, or with having carelessly done any hurt or damage, or whenever any Superintendent, Deputy Superintendent, or Inspector of Police, or Town Serjeant in charge of a Police Lock-up, shall deem it probable that any person so brought is falsely or maliciously charged with having committed a felony, and any such person as aforesaid shall be, without the warrant of a Magistrate, in the custody of any Constable of the Calcutta Police, it shall be lawful for the Superintendent or any Deputy Superintendent of Police, if he shall deem it prudent, to enlarge such person on his own recognizance, with or without sureties, conditioned as hereinafter mentioned.

Condition of recognizance.

XLVII. Every recognizance so taken shall be without fee or reward, and shall be conditioned for the appearance of the person thereby bound before a Justice of the Peace at his next sitting, and the time and place of appearance and the sum thereby acknowledged (not exceeding one thousand rupees) shall be specified in the said recognizance, or the condition thereof; and the officer taking the recognizance shall enter into a book, to be kept for the purpose, the name, residence, and occupation of the party and his surety or sureties (if any) entering into such recognizance, together with the condition thereof, and the sum thereby acknowledged, and shall return every such recognizance to the Justice present at the time and place, and when, and where the party is bound to appear, and the said recognizance may be in either of the forms as the case may be, in Schedule (A) to this Act annexed, or to the like effect.

Amends may be awarded for false or malicious charges.

XLVIII. In every case in which any person shall be given in charge to a Constable, or in which any information or complaint of any offence shall be laid or made before any Justice of the Peace, and it shall appear to the Justice by whom the case shall be heard that there was no sufficient ground for making the charge, it shall be lawful for such Justice, at his discretion, to award such amends not more than the sum of fifty rupees, to be paid by the informer to the party informed or complained against, for his loss of time and expenses in the matter, as to the Justice shall seem meet.

Offences how to be tried.

XLIX. Every Justice of the Peace shall be empowered summarily to hear and determine every complaint of an offence committed against this Act, and to convict any person charged with any such offence on the oath of one or more witnesses, or by his own confession, and to award the penalty or punishment herein provided for such offence.

Justices may proceed by summons, and if party does not appear may issue warrant.

L. Upon any information or complaint to be laid or made before any Justice of the Peace (which complaint need not be made upon oath) of any matter which such Justice is authorized to hear and determine, either under this or any other Act or Regulation, he may summon the party charged, and if such party shall not appear according to the tenor of the summons, the Justice, upon proof of the service of the summons, may proceed, in all cases which are not of a criminal nature, if no sufficient cause shall be shown for the non-appearance of the party, to hear and determine the case in the absence of the party, and in all criminal cases shall issue his warrant for apprehending and bringing such party before him, or some other Justice, in order that the said information and complaint may be heard and determined.

How summons may be served.

LI. Every such summons may be served by delivering it or a copy thereof to the party or to his wife, servant, or some inmate of his dwelling, or by delivering it at or affixing it to the door or wall of his usual place of abode.

Justices may issue warrant without summons.

LII. A Justice of the Peace may, without issuing any summons, forthwith issue his warrant for the apprehension of any person charged with any offence cognizable before him, either under this or any other Act or Regulation, whenever good grounds for so doing shall be stated on oath before him.

May enforce attendance of witnesses.

LIII. Any Justice may summon any witness to appear and give evidence upon the matter of any offence cognizable before him, either under this or any other Act or Regulation, with which any person shall be charged before him, at a time and place appointed for hearing the information or complaint, and, by warrant under his hand and seal, may require any person to be brought before him who shall neglect or refuse to give evidence at the time and place appointed on such summons, proof upon oath being first given of personal service of the summons upon the person against whom such warrant shall be granted, and such Justice may commit any person coming or brought

before him who shall refuse to give evidence, to the Common Gaol of Calcutta, for any time not exceeding fourteen days, or until such person shall sooner submit himself to be examined, and in case of such submission the order of such Justice shall be a sufficient warrant for the discharge of such person.

Power to Magistrates to order prisoners to be brought up to the Police Office.

LIV. When any Justice of the Peace is desirous of examining any prisoner confined in the Great Gaol or House of Correction as a witness or defendant, with respect to any charge, case, or proceeding pending before him, it shall be lawful for such Justice to issue an order in the form contained in Schedule (B) to this Act annexed, or to the like effect, addressed to the keeper or Governor of the said Gaol or House of Correction, requiring him to bring such prisoner in proper custody, at a time to be therein named, to the Police Office, for examination, and the keeper or Governor of the said Gaol or House of Correction, on the receipt of such order, shall act in accordance therewith, and shall take care for the safe custody of the prisoner during his absence from prison for the purpose aforesaid.

Recovery of penalties and forfeitures.

LV. All penalties and forfeitures and other sums of money imposed, awarded, or ordered to be paid by any Justice of the Peace under the authority of this Act, and all sums of money which any person is bound to pay under any recognizance taken before a Justice of the Peace or an officer of Police empowered to take recognizances by this Act and afterwards forfeited, in case of non-payment thereof, may be levied by distress and sale of the goods and chattels of the offender or person liable to pay the same, by warrant under the hand of any Justice of the Peace, and in case any such penalty or forfeiture or sum of money shall not be forthwith paid, any Justice may order the party to be detained in safe custody until the return can be conveniently made to such warrant of distress, unless such party shall give security to the satisfaction of such Justice for his appearance at such place and time as shall be appointed for the return of the warrant of distress, and the Justice may take such security by way of recognizance or otherwise; and if upon the return of such warrant it shall appear that no such sufficient distress could be had whereon to levy the said penalty, or forfeiture, or sum of money, and the same shall not be forthwith paid, or in case it shall appear to the satisfaction of the Justice, by the confession of the party or otherwise, that he has not sufficient goods and chattels whereupon such penalty, forfeiture, or sum of money could be levied if warrant of distress should be issued, the Justice, by warrant under his hand, may commit such party to the Common Gaol of Calcutta, there to remain for any time not exceeding two Calendar months.

Convictions to be quashed on merits only. Form of Conviction, &c.

LVI. No conviction, order, or judgment of any Justice of the Peace shall be quashed for error of form or procedure, but only on the merits; and it shall not be necessary to state on the face of the conviction, order, or judgment, the evidence on which it proceeds; but the depositions taken, or a copy of them, shall be returned with the conviction, order, or judgment, in obedience to any writ of *certiorari*, and if no jurisdiction appears on the face of the conviction, order, or judgment, but the depositions taken supply that defect, the conviction, order, or judgment shall be aided by what so appears in such depositions.

To turn any number of pence and farthings into a decimal of a pound look between the thick lines for the pence, and then look down the column until you come opposite the farthings : the first four figures of the decimal are there : the rest are on the same line, in the column marked *Common Part*. If more places be wanted, the last figure of the common part must be repeated as often as may be necessary. For example, $2\frac{1}{2}d.$ is £010416666, &c,
